

Annexure for point 4.3.3 for AQAR 2015-16

The Technologies and Facilities available for E-Content

We have a Studio with all necessary equipments and instruments for making Video to deliver a lecture. Lights, Camaras, Mic, White board and computers are available in the studio for develop e-contents by the faculty. E-contents are available on college website for students. Every effort is made to Encourage and motivate the teachers to attempt effective teaching by using technology in teaching. The college provides LCD, computer systems, wi-fi enabled broadband connection, OHP, slide projector, and content related CD/DVD to all the departments. The college also provides for e-learning library facilities in its central library which is easily accessible to the faculty and students alike. Thus virtual laboratories, e-learning resources from Natinoal Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT) open educational resources such as Gyan Darshan, UGC and IGNOU run programmes related to higher education specifically to courses being run by our institution are also made affordable to our faculty and students. Thus making use of the latest technology enabled modern learning resources supplemented by one to one class room interaction between the teacher and the student end-results in a very effective teaching and hence the teaching learning process in almost all the disciplines being run by the college.

Exposing students and faculty to advance knowledge and skills base is a priority concern of the Institution. The Chairman specially takes keen interest in this aspect as well, lectures of experts from higher educational institutions, industries and NGOs are frequently organized in every field related to the spectrum of our courses both at UG and PG level. The faculty and students specially at the PG level, are made to attend seminars and workshops organized at departmental and interdepartmental level. Saturday club programmes, as mentioned elsewhere, encouraging faculty to participate in seminars and workshops organized by other reputed institutions also help faculty members in enhancement of their knowledge and skill base.
