A seminar was organized by the Agriculture Department of Shri Ram College on the occasion of National Milk Day today. Which was conducted by Dr. Aditya Gautam, Dean Academics Dr. Vineet Sharma, Principal Dr. Prerna Mittal and Head of Department Dr. Nayeem.

All the students of the department took this seminar. On the occasion of National Milk Day, Dr. Aditya Gautam while keeping his thoughts said that today is a very important day for us, because today's Dr. Varghese Kurien was born. This brought white revolution in our country and today we are in first place in milk production in the world. And Dr. Varghese Kurien made a lot of successful efforts to increase the dairy sector, due to which the growth of Kishan and the dairy sector took a big shape in the country.

Dr. Prerna Mittal told that milk is a complete food for our life which frees our body from many diseases and gives one power. From the birth of a child to old age, milk is the only product that is easily digestible and powerful.

Dr. Vineet Sharma told that the vitamins and micro-elements found in milk work to strengthen the body and avoid diseases. And nature provides milk from the ion of a mother to her child. So that the child can be physically strong, prevent diseases and take energy.

Dr. Nayeem told that Dr. Varghese Kurien was born on 26 November 1921 in Calicut, Kerala. Therefore, after obtaining his master's degree, he joined Khaira Cooperative Milk Union Limited as an officer. After this its name was changed to Anand Milk Union Limited. Dr. Varghese Kurien is a founder of Amul and also the father of White Revolution and has been honor with many awards. Today in our country 208 million tonnes of milk production and 428 milliliters per person per day is going on, this is the contribution of Dr. Varghese Kurien. Milk is a substance rich in fat, protein, lactose, minerals and vitamins; we take it in the form of liquid or product (butter, ghee, mawa, kulfi, paneer, ice cream etc.).

Topic –“Scientist Day”

A seminar was organized by Agriculture Department of Shri Ram College in association with Krishi Vigyan Kendra, Muzaffarnagar. This seminar was organized on the topic of Crop Residue Management. The seminar was inaugurated by Dr. Aditya Gautam, Director of the Institute, Dr. Perna Mittal, Principal, Dr. Naeem, Head of Agriculture Department and Dr. P.K. Singh, Dr. Surender Kumar, Dr. Yashpal Singh, Dr. Sanjay Kumar.

The goal of the seminar was to increase the fertility of the land by using the crop residue and make it capable without burning it. President of Krishi Vigyan Kendra, Muzaffarnagar, Dr. P.K. Singh told that Kishan brothers are currently burning the residues coming out of their crops, due to which the environment is polluted, but along with the beneficial micro-organisms living inside the soil and the micro-elements present inside the soil are also destroyed. Due to which the fertility of our land ends in the coming time. And to grow crops, chemicals have to be used. The amount of carbon presents inside the soil decreases, due to which the water holding power of the soil is gradually lost. For its treatment, we should not burn the crop residue, but mix it inside the soil.

It was told by Dr. Sanjay Kumar, Scientific Krishi Vigyan Kendra that trees are very useful for our life. Which work to balance the amount of carbon dioxide gas from the environment and by taking carbon dioxide present in the air, carbon collects inside itself and oxygen is release and a layer is formed from the mixture of carbon and soil on the upper layer of the soil obtained from crops and plants. This maintains the fertility and moisture content of our soil. If we burn these residues then that beneficial layer gets destroyed. Machines should be used to mix the crop residues in the soil, if a farmer is unable to buy a machine, then all these machines are available at your nearest Krishi Vigyan Kendra, which you can rent and do your

work on time. And with the help of mulcher present in the market, you can dissolve the residue quickly.

Dr. Sanjay Kumar told that we should plant more and more trees. Vegetables should also be grown along with their main crop. And the residue obtained from them should be mixed in the soil so that the amount of carbon in the soil is balanced. Our environment is contaminated by the smoke coming out of the burning of crop residue, so we should not do this work.

Dr. Surender Singh told that we should follow the rules made by the government and take advantage of the facilities provided by it. For any information, anytime, visit your nearest Krishi Vigyan Kendra and contact the scientists present.

Dr. Aditya Gautam told that all the students should give advice to the Kishan brothers around them. That he should use the residue to make the soil fertile without burning it. And give the work and information of Krishi Vigyan Kendra. So that Kishan brothers do not have to face any difficulty in the coming time.

Dr. Purna Mittal told that manure can be made from the residue of vegetable and vegetable used at home. And you can give him a good growth by using your pot or pot.

Dr. Naeem told that we can collect the crop residue and keep it for the animals and use it in the shortage of grass.

This seminar was conducted by Dr. Purna Mittal. And all the students and teachers of the department were present in this seminar.

के तापमान में 2°C की बढ़ोतरी हो गयी है जिससे उष्मागत तनाव बढ़ रहा है तथा इसका दुष्प्रभाव सभी जीव जगत पर देखने को मिल रहा है।

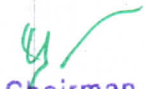

डॉ. अशोक कुमार ने बताया की पृथ्वी दिवस 1970 से मनाया जा रहा है। यह पहली बार संयुक्त राज्य अमेरिका में मनाया गया था, जब 1969 के सांता बारबरा तेल रिसाव के विरोध में लगभग 20 मिलियन लोग सड़कों पर उतर आए थे। तब से, इस अवसर ने अन्य पर्यावरणीय मुद्दों पर जागरूकता बढ़ाने में महत्वपूर्ण भूमिका निभाई है। तथा हमें जागरूक होना चाहिए की आने वाले समय में अगर हम प्रदूषण को कम नहीं करेंगे तो हमें मुस्किलो सामना करना होगा।

डॉ. निशांत राठी ने बताया की हमें कॉलेज के अंदर आवर बहार इन समस्याओं के बारे में सभी जागरूक करना अनिवार्य है।

डॉ. प्रेरणा मित्तल ने छात्रों एवं विभाग को प्रोग्राम को सफल बनाने के लिए बधाई दी।

इस प्रोग्राम के दौरान डॉ. गिरेन्द्र गौतम, डॉ. ओमवीर चौधरी, डॉ. विनीत शर्मा, डॉ. रविंद्र सैनी, डॉ. विक्रान्त, डॉ. आबिद अली, डॉ. मुकुल मोटला, डॉ. राजकुमार, डॉ. सचिन कुमार, विकाश, सुरेंद्र एवं समस्त छात्र - छात्राए मौजूद रहे।

## विज्ञप्ति

श्री राम कॉलेज के कृषि विभाग द्वारा पृथ्वी दिवस के उपलक्ष में मृदा स्वास्थ्य विषय पर दो दिवसीय संगोष्ठी का आयोजन किया गया। इस कार्यक्रम का संचालन संस्था के निदेशक डॉ. निशांत राठी, प्राचार्य प्रेरणा मित्तल, कृषि विभाग के डीन डॉ. अशोक कुमार एवं विभागाध्यक्ष डॉ. नईम के द्वारा किया गया।

इस कार्यक्रम को डॉ. विजय कुमार प्रोफेसर चौधरी छोटू राम कॉलेज, मुज़फ्फरनगर एवं तथा कार्बनिक खाद कम्पनी के फाउंडर डॉ. हार्दिक रावत गज़िआबाद के द्वारा सम्भोधित किया गया।

कार्यक्रम के पहले दिन पोस्टर एवं मौखिक प्रतियोगिता कराई गयी जिसमें कॉलेज के सभी विभाग से छात्रों ने भाग लिया। प्रतियोगी छात्र - छात्रों को पुरस्कार भेंट किया गया।

डॉ. हार्दिक रावत ने बताया की प्रदूषण हमारे जीवन के लिए एक बहुत बड़ी समस्या है। ओर इस समस्या का समाधान अकेला आदमी नहीं कर सकता क्योंकि प्रदूषण फैलाने में मानव जाती का सबसे बड़ा हाथ है। जिस तरह दिन प्रति दिन हम अपनी सुविधाएं बढ़ाते जा रहे हैं उसी तरह प्रदूषण भी बढ़ रहा है। ईंधन का जलना चाहे वो किसी भी रूप में प्रयोग हो रहा है ओर वृक्षों का काटना वायु को प्रदूषित करता है। फेक्ट्रियो, गाड़ियों तथा अन्य संशानो द्वारा धौनी प्रदूषण में तेजी आयी है। कूड़ा, कचरा, रसायन तथा अन्य चीजे जो जल को प्रदूषित करती हैं। आने वाले कुछ सालों में जल की भरी कमी हो सकती है। मर्द में रसायनो का प्रयोग अधिक किया जा रहा है जिससे मृदा प्रदूषण तेजी से बढ़ रहा है। इन सभी संशयो का समाधान के लिए हमें वृक्ष लगाने है। आवश्यकता अनुसार ही संशानो का प्रयोग करना है क्योंकि आवश्यकता से अधिक शौक करने से प्रदूषण अधिक बढ़ेगा जिससे जीवन में कठनाई होगी।

डॉ. विजय कुमार ने बताया की यदि हमे अपनी भूमि को सुरक्षित रखना है तो इसमें जहर घोलना बंद करना होगा तथा कार्बनिक खेती पर जोर देना होगा। आप सभी सब्जिया, अनाज एवं दूसरी फसले में केचुए की खाद, गोबर की खाद तथा हरी खाद का प्रयोग करे इससे मृदाशक्ति बढ़ेगी। अपने जीवन में वृक्ष अधिक लगाए तथा अपने घर पर वातावरण को स्वच्छ बनाने के लिए गमलो अदि में पौधे लगाए।

डॉ. नईम ने बताया की हमारे देश में आई. सी. ए. आर. के द्वारा संचालित एन. आई. क. आर. ए. (निकरा) नामक परियोजना के अनुसार पता चला की प्रदूषण की बढ़ोतरी के कारण पिछले पचास सालों में हमारे देश

# Report

A two-day seminar on soil health was organized by the Agriculture Department of Shri Ram College on the occasion of Earth Day. This program was conducted by the director of the institution Dr. Nishant Rathi, Principal Perna Mittal, Dr. Ashok Kumar, Dean of Agriculture Department and Dr. Naeem, Head of the Department.

This program was addressed by Dr. Vijay Kumar, Professor Chaudhary Chhotu Ram College, Muzaffarnagar and Dr. Hardik Rawat, Founder of Organic Fertilizer Company, Ghaziabad.

Poster and oral competition was organized on the first day of the program in which students from all the departments of the college participated. Competitive students - Prizes were presented to the students.

Dr. Hardik Rawat told that pollution is a big problem for our life. And man alone cannot solve this problem because mankind has the biggest hand in spreading pollution. Just as we are increasing our facilities day by day, in the same way pollution is also increasing. Burning of fuel in whatever form it is being used and cutting of trees pollutes the air. There has been an increase in Dhoni pollution by factories, vehicles and other resources. Garbage, garbage, chemicals and other things that pollute the water. There may be a severe water shortage in the coming few years. Chemicals are being used more in men due to which soil pollution is increasing rapidly. To solve all these doubts, we have to plant trees. Use of resources as per the need, because doing more hobby than necessary will increase the pollution, which will cause difficulties in life.

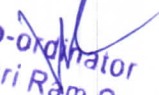

Dr. Vijay Kumar told that if we want to keep our land safe, then we have to stop dissolving poison in it and emphasis will have to be given on organic farming. Use earthworm manure, dung manure and green manure in all vegetables, grains and other crops, this will increase soil strength. Plant more trees in your life and to make the environment clean at your home, plant saplings in pots etc.

Dr. Naeem told that in our country I.C.A. R. Powered by N. I. K. R. A. According to a project named (Nicara), it was found that due to the increase in pollution, the temperature of our country has increased by 2 ° C in the last fifty years, due to which thermal stress is increasing and its side effects are being seen on all the living beings. .

Dr. Ashok Kumar told that Earth Day is being celebrated since 1970. It was first celebrated in the United States, when about 20 million people took to the streets to protest the 1969 Santa Barbara oil spill. Since then, the occasion has played an important role in raising awareness on other environmental issues. And we should be aware that if we do not reduce pollution in the coming time, then we will have to face difficulties.

Dr. Nishant Rathi told that it is imperative for us to make everyone aware about these problems inside the college.

Dr. Perna Mittal congratulated the students and the department for making the program a success.

# श्रीराम कॉलेज के कृषि विज्ञान विभाग में हुआ पोस्टर प्रतियोगिता का आयोजन

(एम.एन.एस.)

मुजफ्फरनगर। श्रीराम कॉलेज के कृषि विभाग द्वारा एक पोस्टर प्रतियोगिता का आयोजन कराया गया। जिसका संचालन श्रीराम कॉलेज के निदेशक डॉ. आदित्य गौतम, श्रीराम कॉलेज की प्राचार्य डॉ. प्रेरणा मिश्र, श्रीराम कॉलेज के डीन एकेडमिक्स डॉ. विनीत कुमार शर्मा, श्रीराम कॉलेज आफ फार्मसी के निदेशक डॉ. गिरिन्द्र गौतम, श्रीराम गर्ल्स कॉलेज के निदेशक डॉ. मनोज धीमान तथा कृषि विज्ञान विभाग के विभागाध्यक्ष डॉ. नईम द्वारा संयुक्त रूप से किया गया। इस प्रतियोगिता में विभाग के 200 से अधिक छात्र-छात्राओं ने भाग लिया। पोस्टर प्रतियोगिता की थीम बदलते परिदृश्य में स्थाई कृषि विकास करना रही। जिसमें सभी छात्र-छात्राओं ने बड़े चढ़कर भाग लिया तथा बहुत ही मनमोहक पोस्टर प्रस्तुत किए। जिसमें हाइड्रोपोनिक्स (जल में पौधों की उगाना), जैविक खेती, जैविक रसायनों के खेती करना, प्रवर्धन, बडिंग के माध्यम से पौधों में एक ही पौधे पर विभिन्न रंग

के पुष्पों का उत्पादन करना, नाइट्रोजन स्थिरीकरण, विभिन्न फसलों के कोटो एवं रोगों के बारे में जानकारी एवं उनका निवारण, आदि के बारे में पोस्टर के माध्यम से जानकारी प्रस्तुत की गई। इस अवसर पर श्रीराम कॉलेज के निदेशक डॉ. आदित्य गौतम ने बताया की छात्रों के द्वारा बनाये गए पोस्टर से ये संदेश मिलता है की छात्र आने वाले समय में कृषि में नये-नये संवर्तनों की खोज कर खेती को सरल एवं उन्नत रूप प्रदान कर सकते है। उन्होंने आगे बताया कि कृषि आजीविका का एक महत्वपूर्ण साधन है क्योंकि यह खेती और पशुपालन के माध्यम से उत्पादों जैसे भोजन, खाद्य, फाइबर और कई अन्य वांछित उत्पादों का उत्पादन करने की प्रक्रिया है। इस अवसर पर श्रीराम कॉलेज की प्राचार्या डॉ. प्रेरणा मिश्र ने छात्रों बताया की हमें हाइड्रोपोनिक्स खेती पर भी बल देना चाहिए जिससे की मिट्टी की अनुपस्थिति में भी कुछ पौधों को उगाया जा सके तथा घर में प्रयोग के लिए सब्जी के अवशेष से एक खाद का निर्माण किया जा सकता है जिसे आप अपने घरों में

गमले तथा पौधों में उपयोग कर उनकी पैदावार को बढ़ा सकते है। श्रीराम कॉलेज आफ फार्मसी के निदेशक डॉ. गिरिन्द्र गौतम ने बताया की कृषि हमारे देश की नींव है इसे मजबूत बनाने के लिए युवा पीढ़ी की जरूरत है इसीलिए सभी छात्रों को इसमें पूर्ण रूप से योगदान देने की आवश्यकता है। श्रीराम गर्ल्स कॉलेज के निदेशक डॉ. मनोज धीमान ने सभी छात्रों के द्वारा बनाये गए पोस्टर की प्रशंसा करते हुए कहा की छात्रों के द्वारा किया गया कार्य बहुत ही अच्छा रहा और हमे

कृषि के क्षेत्र में इस तरह की प्रतियोगिताएं कराते रहना चाहिए। कृषि विज्ञान विभाग के विभागाध्यक्ष डॉ. नईम ने बताया की फसल अवशेष को हम इकट्ठा कर पशुओं के लिए रख सकते है तथा घास की कमी में उसका प्रयोग कर सकते है। उन्होंने आगे बताया कि पशुओं में कृत्रिम गर्भाधान कर उनसे उच्च कोटि की नस्ल के पशु प्राप्त कर सकते है। इस अवसर पर श्रीराम कॉलेज के डीन एकेडमिक्स डॉ. विनीत कुमार शर्मा ने बताया कि कृषि ऐसी नवप्रवर्तन शैली और कृषि पद्धति है जिसमें स्वदेशी ज्ञान

के साथ-साथ आधुनिक ज्ञान, आधुनिक उपकरण तथा प्रत्येक पहलु जैसे खेत की तैयारी, खेत का चुनाव, खरपतवार नियंत्रण, पौध संरक्षण, फसलोत्तर प्रबंधन, फसल की कटाई आदि जैसी महत्वपूर्ण कृषि पद्धतियों के उपयोग को आधुनिक कृषि कहते हैं। इस तरह की कृषि में संसाधनों का अनुपयोग होता है जिससे किसानों को उच्च और उत्पादकता बढ़ती है। इस अवसर पर विभाग के प्रवक्ता गण डॉ. विक्रांत, आबिद, मुकुल, सोवम राठी, अनमोल, रोहित आदि उपस्थित रहे।

**Report**

A Hindi Diwas was celebrated by the Agriculture Department of Shri Ram College to mark Hindi Diwas. This program was conducted by the Director of the college Dr. Aditya Gautam, Principal Dr. Prerna Mittal, Dean Academics Dr. Vineet Sharma and Head of the Department Dr. Nayeem. In this program, all the students participated enthusiastically in articles, essays and competitions in Hindi language.

Dr. Aditya Gautam told that Hindi language is the foundation of our culture. The main objective of Hindi Diwas is to make people aware once in a year that unless they use Hindi fully, the development of Hindi language cannot take place. On this day, it is advised to use Hindi in place of English in all government offices. Apart from this, who does good development work in Hindi throughout the year and uses Hindi well in his work.

Dr. Prerna Mittal, while telling the students about the importance of Hindi language, said that many people use English language words or English in their normal speaking also, due to which the existence of Hindi is slowly being threatened. The way English continues to dominate everything from television to schools and from social media to private technical institutions and private offices. From this it seems that their mother tongue Hindi should be reduced gradually and then after decades, it should not become extinct. If soon we do not give an essential place to our mother tongue Hindi in our life by small efforts, then it will be far behind in the competition from other languages. Some people speak in English even knowing Hindi, but speaking in Hindi is not an inferiority complex but a matter of pride.

It was told by Dr. Vineet Sharma that Hindi Diwas is celebrated every year on 14th September. On 14 September 1949, the Constituent Assembly decided that Hindi would be the official language of the Central Government. Because Hindi language was spoken mostly in most of the areas in India, it was decided to make Hindi the official language and to expound the importance of this decision and to spread Hindi in every region, from year 1953 on 14th September every year Hindi- Day is celebrated as. After attaining independence, Rajendra Singh made tireless efforts to get Hindi established as an official language, along with writers like Kaka

Kalelkar, Hazariprasad Dwivedi, and Seth Govind Das etc. and the use of Sanskrit is also necessary in our country because changing words in Sanskrit does not change their meaning; this is the biggest advantage of this language.

Dr. Nayeem told that Hindi week is celebrated for one week from 14th September. Different competitions are organized throughout this week. This event is organized both in the school and in the office. Its basic objective is to increase the spirit of development for Hindi language among the people, not limited to Hindi Diwas only. In these seven days, people are explained about the development of Hindi language and its advantages and disadvantages if not used through essay writing, etc. During this program Mukul Motla, Abid, Shreya Arora, Anmol, Rohit and all the students were present.

## Fine Arts Department

Dated 23/10/2021

### Subject: Report on Voter Awareness

The vote is precious. It is the most powerful non-violent tool we have in a democratic society, and we must use it." The Department of Fine Arts organized a 'Poster Making Event' to voter awareness. The event was organized on 23 October 2021 wherein 30 volunteers participated and educated people about the importance of voting through their posters. Chief guest Dr Pooja Tomer welcomed by Dr Roupal Malik by presenting a bouquet. Dr Pooja Tomer who was jury for this event said in her speech that this was surely a successful event which focused on community growth as well as personal growth. While the right to vote is widely recognized as a fundamental human right, this right is not fully exercised by millions of individuals around the world. Voting is a responsibility of all the citizens. The law does not require citizens to vote, but voting is a very important part of any democracy. By voting, citizens are participating in the democratic process. Citizens vote for leaders to represent them and their ideas, and the leaders support the citizens' interests. By not voting, we might actually encourage the wrong candidate to form the government who will in turn be accountable for the country's poor growth. In last Dr Roupal Malik appreciated to Coordinator Sharmistha P Samal & thanked to all faculty members for their valuable contribution to make this event successful.
