

SHRI RAM COLLEGE, MUZAFFARNAGAR

Dated: 06/04/2019

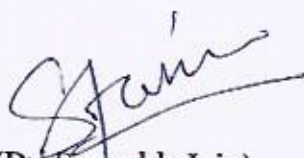

ACTIVITY REPORT

An seminar on "Waste Management system" was held at Shri Ram College on 06/04/2019 jointly organized by Deptt. of Bioscience and Deptt. of Agriculture, Shri Ram College. In the program, keynote speaker was Prof. H.S Singh, Pro-VC, CCS University. The program was inaugurated by the guests along with Dr. SC Kulshrestha, Chairman of Shri Ram Group of Colleges, Dr. Perna Mittal, Principal, Shri Ram College, Dr. Sourabh Jain, HoD, Bioscience and Dr. Nayeem Ali, HoD, Agriculture.

At first, Dr. Bushra Aquil, Co-ordinator of event welcomed the guests and speaker. After that, Dr. Singh in his presentation said that various methods exist for converting organic waste into valuable commodities; these methods include biogas production, composting, and pelletization. This creates the potential for cities and private companies to generate additional revenue while reducing the environmental stress of waste dumping. But to take advantage of it, different waste management strategies will be needed. Further, Dr. Perna Mittal said that the waste collection strategies, such as incentivizing households to segregate their food waste, and also to study the impact of municipal policies on waste generation in collaboration with local government and the Shri Ram Group of Colleges.

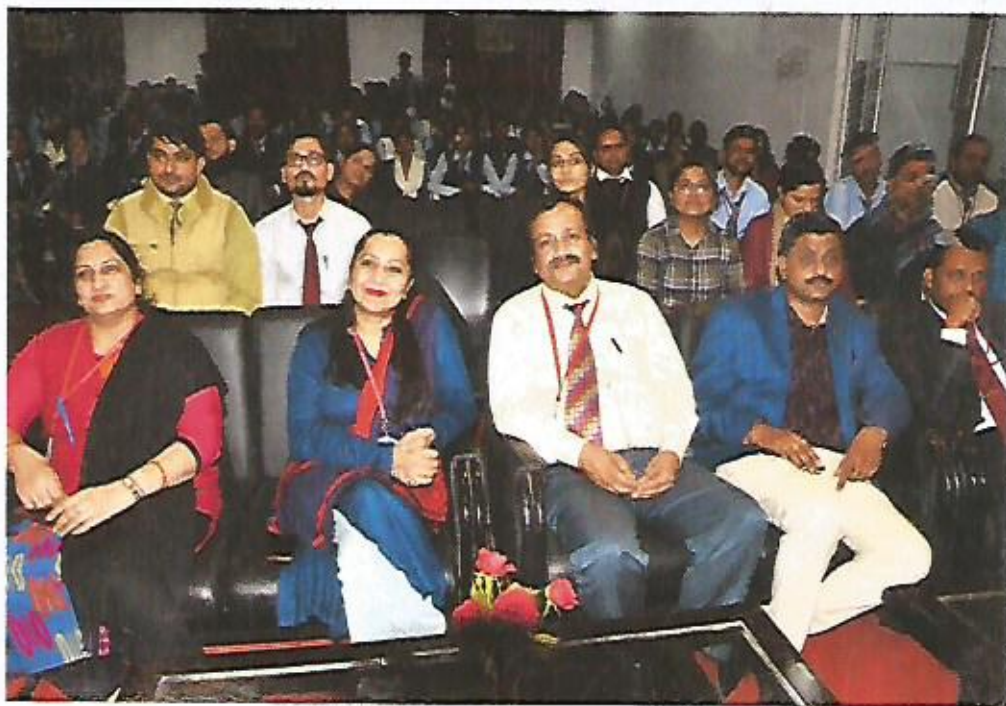

Dr. Nayeem Ali in his address said that It's important to remember that people make their livelihood from this system. There's an instinct for people from Western countries to say, 'We should have a Western-style system here,' but we think that would be a mistake. You have to consider the impact on everyone involved, formally and informally.

The seminar was concluded with vote of thanks from Dr. Bushra Aquil. Overall 163 participants from faculties and students attended the seminar. In the end, the participants were distributed certificates and guests were given memento.
