“ARTIFICIAL INTELLIGENCE”

Date: 09.12.2019

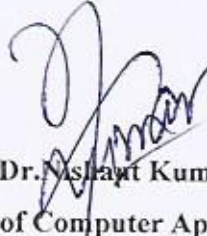

Department of Computer Application organized a Faculty Development Programme on “ARTIFICIAL INTELLIGENCE” on December 07, 2019. Twenty five faculty members from the Department of Computer Application had attended the programme. During the inaugural session Dr. Aditya Gautam, Director, Shri Ram College welcomed the gathering. Dr. Nishant Kumar Rathi, Dean, Computer Application gave the presidential address and he also highlighted the importance of the Faculty Development Programme and use of Artificial Intelligence in various engineering applications. Mr. Shubham Kumar, Code Development Centre, Noida was the speaker of the session.

Mr. Shubham Kumar conducted a technical session on artificial intelligence and explained about the ongoing researches in the arc welding process, condition monitoring of rotating equipment using machine learning.

He also elaborated the concept of Artificial Intelligence, Supervised and Unsupervised learning, Pattern Recognition and how these concepts are applied in various real time engineering research applications. Thereafter he emphasized on challenges and opportunities of artificial intelligence.

The outcome of this programme is that the budding researchers and the research supervisors got the input about the Artificial intelligence and deep learning thrust area and it will enable them to carry out interdisciplinary research in various engineering applications.

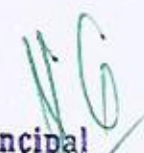

Dr. Nishant Kumar Rathi proposed the vote of thanks on the concluding session.
