The Workshop aims to help students gain an understanding of the principles of entrepreneurship and the skills necessary for starting a business like common shared traits. Most importantly, students will learn important concepts in accounting, finance, marketing, management— as well as legal and economic principles necessary to create a business plan.

The workshop is scheduled on 07th May 2016 and coordinated by Dr. Himanshu Verma, Assistant Professor, Department of Business Administration for further information and registration process.

Kindly permit us to organize the said workshop in the benefit of students.
