About-

Shri Ram College Muzaffarnagar is organizing a one day Workshop on Research Methodology in Social Sciences from June 17,2017. The Workshop aims at exposing the research scholars to various research methods available across the social sciences and to make them appreciate the common standard practice of knowing and doing.

The Workshop will revolve around various aspects of social research like the very idea of research and its scope; designing proposals; philosophical foundations of research; qualitative and quantitative inquiries; statistical reasoning and various techniques of data analysis; professional ethics; reporting the research and issues of plagiarism.

We are aiming at exposing the participants to the critical perspectives in social research so as make them more critical and reflective about their own research projects.

Highlights-

This workshop heavily draws on the Research Methodology syllabus designed by the UGC which includes an extensive understanding of both qualitative and quantitative methods. However, it also aims at incorporating certain additional features in order to cater to the growing needs of young research scholars.

Report of National Workshop

on

Research Methodology in Social Sciences

Faculty of Education, Shri Ram College, Muzaffarnagar has organized a National Workshop on Research Methodology in Social Science from 17 June 2017. Dr Sarvesh Kumari convenor of the workshop and Mr Arvind Kumar were the co-convenor of the workshop.

All the sessions were systematically arranged keeping in mind the need of the research scholars.

The sessions were as follows:

17 June 2017

Dr. Perna Mittal welcomed the participants and gave an introductory speech as well as introduced Dr. Anil Gupta V.C, Venkateshwa University, Gajraula, U.P. & Dr. Ajay Pal Singh, Head, Department of History, S.D.College Muzaffarnagar, the resource person of session.

Research felicitate Dr. Anil Gupta with a Tulsi sapling.

Session I: Research Design was taken by Dr. Anil Gupta. Dr Gupta started his session with a brain storming activity. Dr. Ajay Pal Singh highlighted different types of Researches –

Quantitative, Qualitative and Mixed Method. In quantitative he discussed descriptive, correlation, causal comparative and experimental. He also talked about cohort study, preexperimental design, quasi-experimental design and factorial design. In pre-experimental he explained one shot case study, one group-pretest-posttest and static group comparison. In Quasiexperimental Design, Dr Gupta explained non-equivalent control group design and counter balanced design. He also focused on numerical data and narrative data. He also discussed the research

designs of mixed method study i.e. sequential designs and concurrent designs. Dr Gupta has also talked about concurrent triangulation design, concurrent nested design and concurrent transformative design. Apart from this, madam also discussed developmental research and design based research. Session ended with open question answer talk.

Session II: Research Problem Selection and Research Process was taken by Dr. Ajay Pal Singh sir who is an independent researcher. Sir began his session with disciplinary models which are based on applied, soft, pure hard social sciences, arts, humanities and sciences. Sir also highlighted what research is not? He explained that research is not just information gathering, is not rearranging the facts and figures alone and is not playing of words. He focused on what is research? He stresses that research starts with a question or problem, accepts certain basic assumptions, expects critical interpretations, requires unbiased data collection analysis, performs validation, needs articulated documentation and leads to further research. He also talked about types of research i.e. extension or generalization, explanatory (why), description (what, when, who and how), comparative study, life history research, predictive research and evaluation study. He also highlighted online or E-Research. In which he talked about use of research methods to study different aspects of the internet and using the internet to apply research methods for the research questions. Dr Ajay Pal Singh also explained research steps, locating a problem and types of research questions
