Notice

Date: 03/03/2019

We are happy to inform that a career counseling activity of **Numeric Arithmetic Method Classes** for competitive examination has been scheduled from 06/03/2019 to 16/03/2019 at 11:30 AM. This will be helpful for all students.

All the interested students are advised that write your name to your HOD for participates in the session.

Coordinator, T&P Cell

All the HODs are requested to please inform the students.

Report on

“Numeric Arithmetic Method” classes for competitive exam

Training & Placement cell organized an activity organized on “Numeric Arithmetic Method” classes for competitive exam from 06/03/2019 to 16/03/2019 at Shri Ram College Auditorium at 11:30 AM for the final year students to prepare for different competitive examinations conducted by Central Government, State Government, banking sectors and also during the placement drives.

Objective of the Training: Numeric arithmetic is one of the most common tests used in the hiring process to enter either private sector or government sector. They are not a test of pure mathematical ability; instead they assess your level of competency when working with numerical information. Although they may seem daunting, especially if you are not someone with an affinity for mathematics, there is plenty you can do to make sure that you perform well on these tests. Thus the objective of the training was to provide the basic knowledge required and demonstrating the understanding how one need to solve problems based on arithmetic mathematics while managing the time and without being stressed.

Number of students who participated: Around 264 students of Dept. of computer application, Basic Science, Teacher Education, Basic Science, Commerce, Business Administration, and Journalism & Mass Communication participated in the event.

About the program: The preparation of arithmetic concept based test has become almost mandatory and important part for the student’s selection as almost all the government, semi-government, private sector companies consider it as an important step to test the problem solving skill during the hiring process. Keeping

it in mind, the T&P Cell of SRC organized a training session for the students. The resource person for training was Dr. Mohit Sharma, Asst. professor, Department of Applied Sciences. Dr. Mohit provided platform packed full of tests, tips, articles and videos which he shared with the students. All the content presented by him was drawn from decades of experience in the field of mathematics.

However, with the right practice and preparation there's no reason one can't ace any test. Below are ten top tips given by the speaker to help one prepare for numerical arithmetic test in the most effective way:

1. Practice as much as possible
2. Make a study schedule
3. Use your preparation time effectively
4. Practice like it's the real thing
5. Get used to the time restriction
6. Familiarize yourself with common questions
7. Research the test
8. Know the position you're applying for
9. Incorporate numerical reasoning into your daily life
10. Practice past tests
11. Find new way to learn
12. Don't forget the basics

This was a good interaction session. So many queries were raised by the students related to different shortcut tricks; time management, stress management etc. and Dr. Mohit Kumar Sharma gave satisfactory answers and cleared all doubts of the students. On the spot practice problems were given to the students to solve, just to make them familiar with the different mind bobbling situations.

Speaker: Dr. Mohit Kumar Sharma, Dept. of Applied Sciences

Teachers Participated: Mr. Neeraj Pratap, Ms. Ruchi Shrivastava, Ms. Laxmi Gaur, Mr. Ankur Verma, Mr. Rahul Kumar, Mr. Nitin Tyagi, Mr. Amit Tyagi.
