Report on

Preparation of Technical Aptitude Test

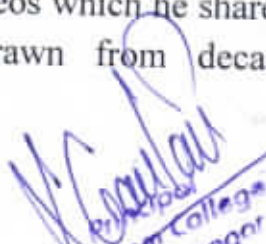

An activity organized by Training & Placement cell on “**Preparation of Technical aptitude test**” from 11/10/2019 to 19/10/2019 (11:00 AM) for the final year students to prepare for the upcoming interviews and placements.

Objective of the Training: A technical aptitude is designed to assess one's knowledge of mechanical processes, as well as one's aptitude for spatial awareness and numerical reasoning. The knowledge one needs to demonstrate is specialized and complex, so it's not an overstatement to say the technical aptitude test is challenging. Thus the objective of the training was to provide the basic knowledge required and demonstrating the understanding how one needs to mentally solve a series of technical puzzles with detailed parts.

Number of students who participated: 110 students of Dept. of Computer application, Bio Science, Basic Science, Physical Education, Teacher Education, Commerce, Business Administration, and Journalism & Mass Communication participated in the event.

About the program: The preparation of technical aptitude test has become almost mandatory and important part for the student's selection as almost all the companies consider it as an important step to test the problem solving skill during the hiring process. Keeping it in mind, the T&P Cell of SRC organized a training session for the students. The resource person for training was Dr. Vikas Aggarwal, Asst. professor, Department of Applied Sciences. Dr. Aggarwal provided platform packed full of tests, tips, articles and videos which he shared with the students. All the content presented by him was drawn from decades of experience in psychometric testing.

However, with the right practice and preparation there's no reason one can't ace a technical test. So, he provided these ten tips to set oneself up for success:

1. Practice past tests
2. Find new way to learn
3. Master the non-verbal questions
4. Get to grips with spatial questions
5. Have a plan for when unsure
6. Don't forget the basics
7. Ensure one is comfortable with the numerical questions
8. Watch out for trick questions
9. Get the foundations in place
10. Brush up on technical jargon

This was a good interaction session. So many queries were raised by the students related to concepts; time management, stress management etc. and Dr. Vikas Aggarwal gave satisfactory answers and cleared all doubts of the students. On the spot practice problems were given to the students to solve, just to make them familiar with the different mind bobbling situations.

Speaker: Dr. Vikas Aggarwal, Dept. of Applied Sciences

Teachers Participated: Mr. Vikas Sharma Dr. Pramod Kumar ,Mr. Neeraj Pratap, Ms. Ruchi Shrivastava, Ms. Laxmi Gaur, Mr. Mandeep, Mr. Rahul Kumar, Mr. Himanshu Hora, Mr. Shrikant Singh, Mr. Sandeep Rathi Mr. Siddhant Garg.,
