Conclusion :

To think that orientation sessions are made to order. We tailor our faculty on boarding sessions based on specific needs to the faculty group. Each program is revised annually based on at-event feedback and advice from deans and department chairs regarding faculty needs. With the advancement of digital devices and cloud based technologies-and necessity of making resources available any time, any place—more material will continue to be made available online. There is no greater resource than the faculty charged with teaching college students and college need to prepare them for success. The first step toward success being orientation programs for all the faculty members.
