DEPARTMENT OF AGRICULTURE
SHRI RAM COLLEGE, MUZAFFARNAGAR

Report

An orientation program was organized by Shri Ram College today. The coordinator of this program was Dr. Nayeem, Head of Department, Agriculture Department and Chief Guest Dr. SC Kulshrestha, Founder Shri Ram College, Dr. RS Chauhan, Director, Shri Ram College. All the teachers and deans of the college were invited in this program. The basic mantras for improving education were spoken by Dr. SC Kulshrestha to the teachers. He told that education is like a valuable thing in our life, without which there is nothing but darkness in life. Man becomes rich by education and can face all kinds of difficulties alone. It is very important to have a good teacher to get education. To become a good guru, the following things should be kept in mind such as the method of good education, the art of explaining it and the direct effect of education etc. Dr. RS Chauhan told the teachers about the new education policy and education can be given an effective form through practical, projector and PDF. To make the name of the institute bright, we should make the students study at a higher level. Dr. Purna Mittal took the introduction of all the teachers. Motivated the teachers to work diligently. For education to reach higher level, we need change, more emphasis should be given on practical work. Students should be motivated to work. Faculty develop by 6 objectives which correspond to the six sections in this orientation. Upon completing this online module, you will be able to:

1. Define the relationship between teaching and learning.
2. Use learning objectives to plan a unit of instruction, e.g., a lecture, seminar, academic half-day, clinical block, or course.
3. Plan learning activities that involve active participation of students.
4. Describe how you would use formative assessment (feedback) to enhance your students' learning.
5. Describe methods of summative assessment for deciding who is admitted, progresses or qualifies, e.g., who passes and who fails.
6. Evaluate your present skills as a teacher using one or more methods to obtain feedback on your teaching
