NOTICE

Subject: Invitation for workshop on "Advancing Research Excellence" dated Feb 07-08, 2023

Dear Esteemed Faculty Members,

We are delighted to announce that the Faculty of Computer Applications is organizing a comprehensive two-day workshop on "Advancing Research Excellence" to be held on February 07-08, 2023 in Shri Ram College auditorium.

The workshop aims to bring together experts and scholars from various fields to discuss and explore cutting-edge methodologies, interdisciplinary approaches, and ethical considerations in research. Renowned speakers will lead sessions focusing on the evolving landscape of research, promoting collaborative and innovative practices within our academic community.

This gathering is an excellent opportunity for faculty members across different departments to engage in discussions, gain insights, and network with peers to enrich our academic pursuits.

We encourage your active participation and look forward to your esteemed presence at this enriching event.

Thank you for your attention.

Warm regards,

Director,

Report On Two Day Workshop
On 'Advancing Research Excellence'

(07-02-2023 and 08-02-2023)

Organized by: Faculty of Computer Application
Shri Ram College, Muzaffarnagar

Objective: To enhance research skills and knowledge of faculty members, promoting excellence in research.

Participants: Total faculty members from various departments

Venue: Auditorium, Shri Ram College, Muzaffarnagar

Introduction

The 2-day workshop on "Advancing Research Excellence" was held on Feb. 07-08, 2023 at the auditorium, Shri Ram College, Muzaffarnagar. The event was organized by Faculty of Computer Application that brought together researchers and academicians from various departments. The primary objective of the workshop was to enhance participants' research skills, foster collaboration, and promote innovative practices in research.

The workshop aimed to foster collaboration and innovation within the research community. Sessions focused on cutting-edge methodologies, interdisciplinary approaches, and ethical considerations. Renowned speakers discussed the evolving landscape of research, enhancing participants' understanding of emerging trends. Through interactive discussions and workshops, attendees gained insights into refining research methodologies, ensuring reproducibility, and addressing contemporary challenges. The event served as a platform for networking, knowledge exchange, and fostering a collective commitment to advancing research excellence across diverse fields.

The workshop aimed to achieve the following objectives:

- Enhance participants' understanding of research methodologies, including qualitative and quantitative approaches.
- Equip participants with practical skills in data analysis, interpretation, and visualization.
- Provide insights into effective publication strategies, including the process of manuscript preparation and submission.
- Foster networking opportunities and collaborative discussions among participants and experienced researchers.
- Empower attendees with the knowledge and tools to advance the quality and impact of their research endeavours.
- Facilitate a supportive and interactive learning environment that encourages skill development and knowledge transfer.

Day 1: Inauguration and Sessions

Inaugural Session:

On the first day of workshop, program coordinator Dr. Pramod Kumar welcomes all Participants with some inspirational quotes. Dr. Prerna Mittal, Principal, Shri Ram College, Muzaffarnagar briefed the participants about the two days workshop on Advancing Research Excellence. The Welcome Address by given by Dr. Nishant Kumar Rathi, Dean, Faculty of Computer Application, Shri Ram College. The workshop commenced with an inaugural session featuring keynote addresses from distinguished guests. The speakers emphasized the importance of research excellence and the need for continuous improvement in research methodologies and practices.

Session 1: Research Design and Methodologies

Speaker: Dr. Ashok Kumar, Director, Shri Ram College

Dr. Ashok's insights on "Research Design and Methodology" emphasize the strategic framework essential for robust research. He highlights the importance of selecting appropriate research designs—exploratory, descriptive, or causal—based on the study's objectives. Dr. Ashok Kumar underscores the significance of clearly defined research questions, reliable sampling methods, and ethical considerations to ensure validity and reliability. By combining qualitative and quantitative approaches, researchers can achieve comprehensive and insightful results. Dr. Ashok Kumar advocates for continuous refinement of research methods, ensuring integrity and transparency, thus contributing to the advancement of scientific knowledge and practical applications.

He also added that effective research design and methodology enable researchers to systematically investigate problems, generate reliable findings, and contribute valuable insights to their field, fostering continuous improvement and innovation in academic and professional research practices.

Session 2: Publishing in Top-Tier Journals

Speaker: Dr. R.P. Singh, Principal, Shri Ram College of Law, Muzaffarnagar

Dr. R. P. Singh emphasizes the importance of meticulous preparation for "Publishing in Top-Tier Journals." He advises researchers to focus on originality, rigorous methodology, and significant contributions to their field. Clear and concise writing, adherence to journal guidelines, and proper structuring of the manuscript are crucial. Dr. Singh highlights the role of thorough literature reviews, robust data analysis, and addressing potential reviewer concerns proactively. He also stresses the importance of selecting the right journal and understanding its scope and audience. By maintaining high ethical standards and persistence, researchers can enhance their chances of acceptance in prestigious journals. He also added that successful publication in prestigious journals not only validates the research but also opens doors for further funding, collaboration, and career advancement.

Group Discussion: "Overcoming Research Challenges"

The group discussion on "Overcoming Research Challenges" brought together researchers to share insights and strategies for addressing common obstacles in research. Key challenges

Co-ordinator
IQAC, Shri Ram College
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

identified included securing funding, managing time effectively, and navigating the peer review process. Participants emphasized the importance of interdisciplinary collaboration and networking to access diverse expertise and resources. Strategies for overcoming these challenges included meticulous planning, seeking mentorship, and leveraging technology for data management and analysis. Emphasis was placed on maintaining research integrity and ethical standards. The discussion highlighted that resilience, adaptability, and a supportive research community are crucial for overcoming hurdles and achieving research excellence

Day 2: Advanced Topics and Networking

Session 3: "Securing Research Funding"

Speaker: Dr. Mohd. Arif, Associate Professor, Govt. (PG) College, Deoband, Saharanpur

Dr. Arif's session on "Securing Research Funding" emphasized the importance of crafting compelling grant proposals and identifying suitable funding sources. He highlighted the need for a clear, concise research plan that addresses significant problems and outlines innovative solutions. Dr. Arif advised researchers to align their proposals with the priorities of funding agencies and to demonstrate the potential impact of their work. He stressed the importance of thorough background research on funding organizations and past funded projects. Collaboration with experienced researchers and seeking feedback on draft proposals were also recommended to enhance the chances of securing funding. Researchers should also demonstrate their project's potential impact and alignment with the funder's priorities. Persistence and adaptability in responding to feedback are key to successfully obtaining research funding.

Session 4: Research Ethics and Integrity

Speaker: Dr. Pramod Kumar, Associate Professor, Shri Ram College, Muzaffarnagar

Dr. Pramod Kumar underscores the crucial role of "Research Ethics and Integrity" in maintaining the credibility of scientific inquiry. He emphasizes the importance of conducting research with honesty and transparency, avoiding practices such as data fabrication, plagiarism, and misrepresentation. Dr. Kumar highlights the need for obtaining informed consent from participants and ensuring their confidentiality. He also stresses the importance of ethical review processes and adherence to institutional guidelines. Upholding these principles not only fosters trust in research findings but also promotes responsible and ethical conduct in the scientific community, ultimately advancing the integrity and reliability of research outcomes

Session 5: Collaborative Research and Networking

Speaker: Dr. Vineet Kumar Sharma, Dean Academics, Shri Ram College, Muzaffarnagar

Dr. Vineet Kumar Sharma's speech on "Collaborative Research and Networking" highlights the transformative power of teamwork in advancing scientific knowledge. He emphasizes that collaborative research breaks down silos, combining diverse expertise to tackle complex problems more effectively. Dr. Sharma advocates for building strong professional networks to share resources, insights, and opportunities. He stresses that successful collaborations require clear communication, mutual respect, and shared goals. By fostering partnerships across disciplines and institutions, researchers can enhance innovation, accelerate discoveries, and

Co-ordinator
IQAC, Shri Ram College
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

address global challenges more comprehensively. Dr. Sharma's message underscores that effective networking and collaboration are pivotal for advancing research and achieving impactful outcomes.

Closing Session: Reflections and Future Directions

Speaker Dr. Ashfaq Ali, Head of Commerce Department, Shri Ram College, Muzaffarnagar

Dr. Ashfaq Ali provides a thoughtful perspective on "Reflections and Future Directions" in research. He encourages researchers to critically evaluate their past work, acknowledging successes and learning from challenges. Dr. Ali highlights the importance of staying adaptive and embracing emerging trends and technologies to remain at the forefront of the field. He advocates for fostering interdisciplinary collaborations to address complex problems and drive innovation. Looking ahead, Dr. Ali emphasizes the need for a forward-thinking approach, integrating new methodologies and addressing global issues. By continuously reflecting and evolving, researchers can contribute more effectively to advancing knowledge and solving critical problems.

Certificate Distribution and Vote of Thanks

The workshop concluded with the distribution of certificates to participants and a vote of thanks by Ms. Neetu Singh, Assistant Professor, Faculty of Computer Applications, Shri Ram College.

Conclusion

The "Advancing Research Excellence" workshop was a resounding success, providing valuable insights and practical knowledge to participants. The interactive sessions, hands-on workshops, and networking opportunities contributed to enhancing the research capabilities of attendees. The organizers received positive feedback, and participants expressed their eagerness to apply the skills and knowledge gained in their future research endeavours.

FDP on

“Intellectual Property Rights; Special Reference to Patents and Copyrights”

Report

Department of Commerce organized incredible 7-days FDP on “**Intellectual Property Rights; Special Reference to Patents and Copyrights**” from January 16, 2023 to January 22, 2023. Sixty faculty members enrolled and attended in this informative FDP. Dr. M.S. Khan worked as a coordinator. Dr. S.C. Kulshreshtha, the Honorable Chairman of the Shri Ram Group of Colleges in Muzaffarnagar, attended the inaugural event and inspired all of the faculties with his experiences. This program is designed for teachers who would like to enhance their knowledge regarding Intellectual Property Rights. It was organized to make faculty members aware about intellectual property rights that includes intangible creations of the human intellect.

Day-1

Speaker: Dr. Alok Gupta

Course Introduction

The first day session started at 10:00 AM in Lecture Theater. The program started with lamp lighting and bouquet presentation to Dr. Alok Gupta followed by a motivational session by Dr. S.C. Kulshreshtha, Founder and Chairman of Shri Ram Group of Colleges, Muzaffarnagar. The first session was started by initially giving an overview about what IPR is and what is the importance of it. He very tactfully

Co-ordinator
IQAC, Shri Ram College,
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

covered the various aspects of IPR like copyrights, patents, trademarks, industrial designs and geographical indications.

Day-2

Speaker: **Dr. Ashok Kumar**

Historical Background

In continuation of the training session, the second day session started at 10:00 AM in the Lecture Theater. The speaker of the day was welcomed with Tilak and Bouquet. The next session was led by Dr. Ashok Kumar, he first gave an interesting historical background about the emergence of IPR and how developed countries have somewhere used the concept of IPR to their advantage and also to exert intellectual dominance over developing nations.

Day-3

Speaker: **Dr. Girendra Gautam**

Types of IPR and Law Governing Them

The third day began in the lecture theater at 10:00 AM as a continuation of the previous session. A Bouquet and Tilak were used to welcome the day's speaker. Participants gained knowledge about different types of IPR. The program's third day was devoted to acquainting participants with the different kinds of IPR and the laws governing them. The instructors for the sessions were professionals in the fields of intellectual property law and addressed subjects like trade, copyright, patents, and trademarks. Secrets. Additionally, the participants learned about the legal requirements for IPR protection and the steps required acquiring and implementing IPR.

IQAC, Shri Ram College,
Muzaffarnagar

Day-4

Speaker: **Dr. R.P. Singh**

Relevance of IPR in Academic Research

The fourth day began in the lecture theater at 10:00 AM as a continuation of the previous session. A bouquet and tilak were used to welcome the day's speaker. The fourth day of the program focused on the relevance of IPR in academic research and innovation. The session covered topics such as patentability criteria, technology transfer, and academic entrepreneurship. The participants were also provided with insights on the importance of IPR in promoting academic research and innovation.

Day-5

Speaker: **Dr. Nishant Rathi**

International Aspects of IPR

Following up on the previous session, the fifth day got underway in the lecture hall at 10:00 AM. The speaker of the day was greeted with a Bouquet and Tilak. The fifth day of the program focused on the international aspects of IPR and their relevance in a globalized world. The sessions were delivered by experts from international organizations and covered topics such as the TRIPS agreement, WIPO, and cross-border patent disputes. The participants were also provided with insights on the importance of harmonizing IPR laws across borders to promote global innovation.

Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

Day-6

Speaker: **Dr. Ashfaq Ali**

Commercialisation of IPR

Day six began with a recap of the prior session in the lecture hall at 10:00 AM. A Bouquet and Tilak were presented to the day's speaker. The six day of the program focused on the commercialization of IPR and the role of technology transfer offices (TTOs). The sessions were delivered by experts from the industry and academia and covered topics such as licensing agreements, joint ventures, spinoffs, and start-ups. The participants were also provided with case studies and real-life examples to illustrate the process of commercializing IPR.

Day-7

Speaker: **Dr. Saurabh Mittal**

Enforcement of IPR

Day seven began in the lecture hall at 10:00 AM. A Bouquet and Tilak were presented to the day's speaker. Dr. Saurabh Mittal spoke about infringement, misappropriation and enforcement of IPR and how there could be a possible breach of law or criminal law, depending on the type of intellectual property involved, jurisdiction and the nature of action. He incorporated examples of various countries which made an easy understanding of the concepts

Interactive Sessions and Q&A:

Throughout the training session, attendees actively participated in interactive sessions, asking questions and engaging with the speakers. The Q&A sessions provided opportunities for clarification and deeper exploration of key topics.

Muzaffarnagar

Conclusion:

Participants in the FDP on IPR gained a thorough understanding of the many facets of IPR, including its significance, its types, the systems of patents, copyright, trademarks, and trade secrets, as well as the best practices for managing and safeguarding it. For professionals working with intellectual property rights in a variety of fields, the program was extremely educational and beneficial.

INVITATION TO RESOURCE PERSON

Dated: November 03, 2022

Resource Person: Dr. Surendra Kaur Makkar

Associate Professor, M L & JNK Girls College Saharanpur

Dear Madam,

Warm greetings, Department of Home Science, Shri Ram College are going to organize Seminar under *Intellectual Property Rights* on the topic **“Role of Home Science in Nurturing Start-Up Opportunities”** on 7th November, 2022. As one of the efficient professor in West UP we invite you to be our Resource Person on 7th November, at 11:00 AM. We appreciate it if you come in our institute for give your valuable knowledge and Information to our faculties and students.

The participant and organizer will be benefitted a lot from your expertise on the topic. If you have any query related to this Seminar, kindly contact us at 8800538281.

Thanking you.

Report

Venue: Department of Home Science, Shri Ram College

Department of Home Science organized a “One-day Seminar under *Intellectual Property Rights* on the title “Role of Home Science in nurturing start-up opportunities” on 7th November, 2022.

This seminar helps in developing entrepreneurial abilities. The skills that are required to run a business successfully are developed among the students through this seminar. Sometimes, students may have skills but it requires polishing and incubation. This seminar is perfect for them. This seminar consists of a structured training process to develop an individual as an entrepreneur effectively.

Entrepreneurship in Home Science is an interdisciplinary field of knowledge with focus on Food & Nutrition, Fabric & Apparel Designing, Human development, Resource Management and Communication & Extension. Earlier it prepared an individual obtain recent scientific information to cope with the day-to-day problems but today efforts are being made to provide facilities to invigorate the theoretical knowledge of the students through field training and research laboratories so that they are able to launch entrepreneurship program successfully.

Food and Nutrition deals with nature of food; the constituents of food; food required for the growth and maintenance of body functions; food needs at the different stages of life; nutrimental deficiencies and ways of overcoming them; preparation of food in a way so as to conserve the maximum nutritive value and preserve its flavor; the biochemical changes that food undergo during digestion; preservation of food and food habits. The study in this field objectively prepares the students to work in any of the following enterprises: - Catering, Confectionery and Bakery, Ready to cook/Serve food, Health centers, Hobby centers etc.

Resource Management: Resource Management undertakes the study of managing the home economically and effectively. The home implies the basic facts about housing designs, furnishing which will save money and labor and methods of getting the maximum work done through the minimum equipment. Management of home is making the best use of the available resources, to derive the best value to conserve time, energy, money, space and labor. An individual could open their own craft seminar, can go in field of interior designing, hobby centers etc.

Fabric and Apparel Designing: This domain of Home Science focus on the selection, construction and care of clothing; its effect on the family income; the behavior and chemical nature of different

Co-ordinator

Muzaffarnagar

Chairman
IOAC, Shri Ram College,
Muzaffarnagar

textiles; types of weaves; the quality, color, shrink ability and durability of fabrics; quality of natural fibers like silk, wool, cotton, nature of synthetic fibers like nylon, rayon, teri-cot etc.

Following are the listed fields of entrepreneurship.

- a) Boutique
- b) Dyeing and Printing unit
- c) Readymade Garment unit.
- d) Embroidery centre
- e) Weaving unit.

Human Development: Human Development enriches emotional relationship among family members. The most important amongst a family are the children. They must be brought up in an atmosphere conducive to growth and development. Children's character must be strengthened to meet the challenges of their life by their parents and other family members. An individual could open their own child care centers, old age homes. Rehabilitation centers for children with special needs etc.

Objective of the Seminar:

Home Science tries to bring out the changes in knowledge, skills, attitude and practice. Its main objective is provides knowledge and helps to enable the problem work more effectively and efficiently. It helps students to know the opportunities on better places to interaction.

The Home Science aims at achieving and maintaining the welfare and wellbeing of home, Social and family life in an ever changing society.

Conclusion

The program was concluded by the valedictory session which was undergone in presence of Dr. S.C. Kulshreshtha, Founder, Shri Ram Group of Colleges where resource person was presented by a memento and a certificate of appreciation. Also each student organizer was awarded by a certificate of appreciation. About 126 students and 15 faculties were benefitted by this seminar and awarded by a certificate of appreciation. A vote of Thanks by Dr. Shweta Rathi Head, Department of Home Science marked the end of the One-day Seminar.

REPORT

Event Name: Conference

Title: Intellectual Property Rights and New Innovations

Date: 14th October to 15th October 2022

Day: 2 days

Time: 10:00 am

Venue: SRC Auditorium

The Faculties and Students at Shri Ram Colleges participated in a 2-day conference on intellectual property rights and new innovations. The conference on IPRs and new innovations was started in the SRC Auditorium on 14th Oct 2022. Over 140 people, including students and teachers, attended the session to circulate awareness about Intellectual property rights and innovations. In this conference, they gain knowledge of how the students do innovations and how IPR is related.

Day 1 (14-10-2022):

Speaker 1: Dr. Ashok Kumar

Innovations

The term 'innovation' refers to the process of bringing valuable new products to the market. Technological innovation is crucial for successful firm performance. Different types of innovation include product vs. process, radical vs. incremental, and disruptive vs. sustaining. Effective use of the intellectual property (IP) system is crucial for taking innovative technologies to market and launching superior products and services. This involves looking at practical IP issues relevant to different stages of the new product development process.

Speaker 2: Dr. Satyender Kumar

Intellectual Property, Inventions and Innovations

"Intellectual property" refers to valuable and unique creations of the human mind that result from creativity and inventiveness. Intellectual property rights include trade secrets, utility models,

Co-ordinator
IQAC, Shri Ram College,
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

patents, trademarks, geographical indications, industrial designs, layout designs of integrated circuits, copyright and related rights, and new plant varieties.

Inventions are associated with commercialising new ideas, while innovations may not be directly linked to commercialisation. Innovations can pertain to products or processes and are typically protected by trade secrets, utility models/petty patents, or patents.

The IP system plays a significant role in helping businesses gain and maintain their innovation-based advantage. Patents are the most preferred IP rights for technological innovations. Still, the entire IP system, including the enforcement of IP rights, plays a crucial role in facilitating the success of innovation in the marketplace. An enterprise can benefit from innovation by considering the full range of IP issues from the initial stage of the new product development process.

Speaker 3: Dr. Mahesh Kumar

Role of Intellectual Property in innovation

Using intellectual property (IP) tools effectively reduces risk and enables fair returns for all involved in bringing new technology to the market. It also enhances the competitiveness of technology-based businesses, leading to more efficient processes or profitable products, ultimately increasing revenue and productivity.

Day 2 (15-10-2022):

Speaker 4: Dr. Girender Gautam

Perception of Innovative Ideas

When a company decides to innovate, it's important to treat innovative ideas as trade secrets for potential commercial benefits. Small and medium-sized enterprises (SMEs) often prefer trade secrets over patents due to cost and complexity. The decision to pursue patent protection or keep an idea as a trade secret should be made later, based on the nature of the invention, its business potential, competition, and the possibility of reverse engineering by competitors. Technical drawings should be dated and can later be part of a patent application. Existing patent documents provide important information for idea development, offering insight into the novelty of an idea, potential competitors' strategies, and technology trends.

Co-ordinator
IQAC, Shri Ram College,
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

Speaker 5: Nikunaj Bhardwaj

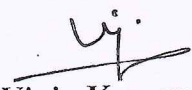

Marketing of Innovations

Innovation involves bringing a new product to market, and making trademarks and industrial designs important in the marketing process. Trademarks help launch new products and penetrate new markets, while also extending commercial benefits beyond the life of a patent. Combining patents, industrial designs, and trademarks can support technological innovation. This strategic use of intellectual property tools can lead to higher profits and a premium market position for innovative SMEs.

The conclusion was given by Dr. Vipin Kumar Saini

Conclusion

Innovation is not the same as invention. Innovation is a process, which begins from the conception of an idea to the launching of a new product/process in the marketplace. Intellectual property rights can be used effectively to facilitate successful innovation. Innovative technologies stand a better chance of successfully reaching the marketplace if IP is used strategically. Gauging the importance of IP in innovation, by merely focusing on patents as input and/or output of innovation, does not do justice to the significant role that can be played by the other tools of IP. A broader approach to the contribution of IP in innovation is therefore needed. IP also plays an important role in safely navigating the "valley of death". It provides access to financing and technical facilities. In addition, IP provides a strong negotiation position when it comes to entering into and maintaining business partnerships.

About Our Institution

Shri Ram College (SRC) is a bastion of academic excellence, offering a diverse range of undergraduate and postgraduate programs spanning numerous disciplines, including Computer Applications, Sciences, Commerce, Journalism, Physical Education and Management Studies and many more. Rooted in a dedication to fostering quality education, SRC provides students with a rich tapestry of learning opportunities.

To cater to the need of Professional Education, Highly Qualified Academicians, Prestigious Bureaucrats and Renowned Industrialists under the leadership of The Eminent Educationists Dr. S.C. Kulashreshtha have formed “Shri Ram Charitable Trust” with an aim at promoting quality education.

SRC’s holistic approach extends beyond academia, emphasizing the development of well-rounded individuals capable of thriving globally. Through experiential learning and industry engagement, students emerge as socially responsible leaders. As a beacon of educational innovation, SRC cultivates thought leaders poised to shape the future. In its corridors, the spirit of inquiry, innovation, and inclusivity thrives, laying the foundation for a brighter tomorrow built on knowledge, integrity, and service to society.

Additionally, the campus provides various sports facilities for both indoor and outdoor games, encouraging students to engage in physical activities and sports. The College’s commitment to academic excellence and overall student development makes it a sought-after institute on for higher education in the region.

About Our Seminar

The upcoming conference on Intellectual Property Rights (IPR) and New Innovations promises to be a pivotal event for professionals, academics, and innovators. This conference will explore into the evolving landscape of IPR, exploring its critical role in fostering and protecting innovations in various fields such as technology, biotechnology, and creative industries. Attendees will gain insights into the latest trends, legal frameworks, and challenges associated with IPR, including patenting processes, copyright issues, and trademark protection. Additionally, the conference will highlight the importance of IPR in promoting economic growth and encouraging investment in research and development. With a lineup of esteemed speakers, panel discussions, and interactive workshops, the event aims to provide a comprehensive understanding of how robust intellectual property rights can drive innovation and ensure that creators and inventors reap the benefits of their contributions to society. Special focus will be given to the intersection of IPR and entrepreneurship, exploring how startups can leverage intellectual property to gain a competitive edge and attract investment. Discussions will also cover the ethical considerations surrounding IPR, ensuring that advancements benefit society at large while respecting the rights of creators. The scope and significance of IPR are expected to expand, encompassing new areas such as artificial intelligence, biotechnology, blockchain, and the Internet of Things (IoT). These advancements will bring about novel challenges and opportunities in the protection and enforcement of intellectual property.

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

Sub- Themes

- Harnessing Intellectual Property Rights for Innovation in Bio-entrepreneurship"
- "The Impact of Intellectual Property Protection on the Growth of Biotech Startups"
- "Navigating Intellectual Property Challenges in Bio-entrepreneurship: Strategies and Case Studies"
- "Intellectual Property Rights: A Catalyst for Success in Bio-entrepreneurship"
- "Patents, Trademarks, and Trade Secrets: The Pillars of Bio-entrepreneurial Ventures"
- "Securing Innovation: The Role of IPR in the Biotech Industry"
- "Intellectual Property Strategy and Its Critical Role in Bio-entrepreneurial Success"
- "Bio-entrepreneurship and Intellectual Property: Balancing Innovation and Protection"
- "The Synergy of Intellectual Property and Bio-entrepreneurship: Case Studies and Future Trends"

Call for Papers & Guidelines

Extended Abstracts of original research papers are invited Academicians, Research Scholars, and Industry Participants on the theme and sub-theme for the seminar only original and unpublished work is sought.

Guidelines

- Authors and Co-Authors should register separately.
- Abstract and Full paper should be submitted in MS Word Format (A4 Paper, Font Style- Times New Roman, Font Size- 12, Line Spacing-1.5)
- Author's Affiliation, Contact Address, Designation, E-Mail ID and Mobile Number are to be added in the front page
- Plagiarism should be less than or equal to 15%
- The Abstract and Full paper should be submitted to this E-Mail ID: vipinthakraan@gmail.com

Workshop on

“Intellectual Property Rights (IPR): Protecting IP, Promoting Progress”

Report

Date: 16-05-2023

Department of Commerce organized incredible 6-days workshop on “Intellectual Property Rights (IPR): Protecting IP, Promoting Progress” from May 09, 2023 to May 14, 2023. Dr .M. S. Khan worked as a coordinator while hundred students attended this informative workshop. Honorable Chairman Dr. S.C. Kulshreshtha, Shri Ram Group of Colleges, Muzaffarnagar attended the inaugural event and inspired all of the students with his experiences. Primary aim of this program was to aware participants about various aspects of intellectual property.

Date: 09-05-2023

Speaker: Dr. Girendra Gautam, Director, SRCP

Day 1: Introduction to IPR

- a) **Icebreaker:** "Two Truths and a Lie" game to get students familiar with IPR concepts.
- b) **IPR Basics:** Introduction to IPR, types of IPR (patents, copyrights, trademarks, trade secrets), and their importance.
- c) **Group Discussion:** "Why IPR matters to me?" - Students share personal experiences or interests related to IPR.

Date: 10-05-2023

Speaker: Dr. Saurabh Mittal, Head, Department of Commerce

Co-ordinator
IQAC, Shri Ram College,
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

Day 2: Patents and Innovations

- a) **Patent Basics:** Explanation of patent types (utility, design, and plant), application process, and patent laws.
- b) **Innovation Challenge:** Students brainstorm and pitch innovative ideas, considering patentability and potential IPR issues.
- c) **Case Study:** Analysis of a famous patent case (e.g., Apple vs. Samsung) and its impact on innovation.

Date: 11-05-2023

Speaker: Dr. Ashfaq Ali, Associate Professor

Day 3: Copyrights and Creative Works

- a) **Copyright Basics:** Explanation of copyright types (literary, musical, artistic), application process, and copyright laws.
- b) **Creative Project:** Students create original works (e.g., short stories, poems, songs) and discuss copyright implications.
- c) **Group Discussion:** "Fair use and copyright" - students debate and discuss fair use principles and copyright exceptions.

Date: 12-05-2023

Speaker: Dr. M. S. Khan, Associate Professor

Day 4: Trademarks and Branding

- a) **Trademark Basics:** Explanation of trademark types (logos, brand names, and slogans), application process, and trademark laws.
- b) **Branding Challenge:** Students design and pitch their own brand identities, considering trademark availability and potential IPR issues.
- c) **Case Study:** Analysis of a famous trademark case (e.g., Nike vs. Adidas) and its impact on branding.

Co-ordinator
IQAC, Shri Ram College,
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

Date: 13-05-2023

Speaker: Dr. Mohd Naeem, HOD, Agriculture

Day 5: Trade Secrets and Confidentiality

- a) **Trade Secret Basics:** Explanation of trade secret types (recipes, software code, business methods), protection strategies, and trade secret laws.
- b) **Confidentiality Agreement:** Students create confidentiality agreements for hypothetical trade secrets.
- c) **Group Discussion:** "Trade secrets in the digital age" - students discuss challenges and strategies for protecting trade secrets online.

Date: 14-05-2023

Speaker: Dr. Nishant Rathi, Head. Department of Computer Application

Day 6: IPR in Practice - Protecting IP, Promoting Progress

- a) **Real-World Examples:** Analysis of real-world IPR cases and their impact on innovation and creativity.
- b) **Panel Discussion:** Industry experts discuss IPR challenges and best practices in various fields (e.g., tech, arts, entrepreneurship).
- c) **Group Activity:** Students brainstorm and present ways to promote IPR awareness and protect IP in their own industries.

Conclusion:

The objective of the workshop was to educate the participants about the importance of intellectual property protection, its role in the innovation ecosystem and the need to balance intellectual property protection with public interest. The workshop achieved its objective. During the workshop, total of 100 students participated actively in the interactive sessions. Q&A sessions provided opportunities for clarification and in-depth exploration of key topics, thereby

NOTICE

DATE: 3/ April /23

All the students of BFA 4th Year are hereby informed that the fine Arts Department is being organized a **6-day Workshop on Self-employment and Entrepreneurial Skills**. The workshop will be held in Department itself after the lecture hours from 10th April to 15th April 2023, at 2:40pm to 3:40 pm.

Speakers:

1. Dr. Praveen Saini (Lecturer in DAV College, Muzaffarnagar)
2. Mayank Saini (Asst. Professor in Shri Ram College, Muzaffarnagar)

This workshop is a fantastic opportunity to enhance your skills and knowledge in self-employment and entrepreneurship within the fine arts field. All interested participants are encouraged to join.

For further query consult your class coordinator- Ms. Roupal Malik.

Summary Report on 6-Day Workshop

10th April 2023 to 15th April 2023

The Fine Arts Department organized a comprehensive 6-day workshop on self-employment and entrepreneurial skills from the 10th to the 15th of April, 2023. The workshop was designed to equip participants with the knowledge and skills necessary to pursue self-employment opportunities and entrepreneurial ventures within the field of fine arts. The sessions were led by esteemed speakers, Dr. Praveen Saini and Mr. Mayank Saini.

Day 1: Introduction to Entrepreneurship in Fine Arts

The workshop commenced with an introductory session by Dr. Praveen Saini, who emphasized the importance of entrepreneurship in the fine arts sector. He discussed the current trends, opportunities, and challenges faced by artists in the entrepreneurial landscape.

Day 2: Business Planning and Strategy

Mr. Mayank Saini took the stage on the second day to guide participants through the essentials of business planning and strategy. He provided insights into creating effective business plans, identifying target markets, and developing strategies for sustainable growth.

Day 3: Marketing and Branding for Artists

The third day focused on marketing and branding, with both speakers highlighting the significance of building a strong personal brand. Dr. Praveen Saini shared strategies for leveraging social media and other digital platforms to promote artistic work and engage with a broader audience.

Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

Day 4: Financial Management

Financial management was the theme of the fourth day. Mr. Mayank Saini explained the basics of budgeting, pricing, and financial planning for artists. He also introduced tools and techniques for managing finances efficiently and ensuring profitability.

Day 5: Legal Aspects of Self-Employment

On the fifth day, Dr. Praveen Saini discussed the legal aspects of self-employment, including intellectual property rights, contracts, and business registration. Participants gained valuable knowledge about protecting their work and navigating legal complexities.

Day 6: Networking and Collaboration

The final day of the workshop was dedicated to networking and collaboration. Both speakers emphasized the importance of building a professional network and collaborating with other artists and businesses. The day concluded with a Q&A session, allowing participants to seek advice and clarify doubts.

The 6-day workshop was a resounding success, with participants gaining practical knowledge and skills to advance their careers in the fine arts sector. Dr. Praveen Saini and Mr. Mayank Saini provided invaluable insights and guidance, empowering artists to explore self-employment and entrepreneurial opportunities with confidence. In the end of the workshop Dr. Manoj Dhiman Director of Fine Arts pay thanks and honored the guest by giving him a memento and bouquet.

Title- "Importance of Ethics in Design."

On May 22, 2023, the Fine Arts Department successfully organized an enlightening program centered on the "Importance of Ethics in Design. First of all Dr. Manoj Dhiman welcomed the Chief Guest by giving him a bouquet. This event aimed to highlight the crucial role ethics play in the field of design, fostering a culture of integrity and responsibility among budding designers.

Keynote Speech:

The keynote address was delivered by the esteemed Dr. R.P. Singh, a prominent figure in the realm of ethical design practices. Dr. Singh's speech delved into various aspects of ethics in design, emphasizing the moral responsibilities designers hold towards society, the environment, and their profession. He provided insightful examples and case studies, illustrating both the positive impacts of ethical design and the detrimental consequences of neglecting ethical considerations.

Student Participation:

The event witnessed an enthusiastic participation of 55 students from the Fine Arts Department. The students actively engaged with the content, asking thought-provoking questions and sharing their perspectives on ethical dilemmas in design. Their involvement demonstrated a keen interest in integrating ethical principles into their future work.

Conclusion:

The program on the "Importance of Ethics in Design" was a resounding success, leaving a lasting impression on the attendees. Dr. R.P. Singh's keynote speech was both informative and inspiring, reinforcing the significance of ethics in the design process. The Fine Arts Department's initiative in organizing such an event is commendable, as it equips students with the knowledge and values necessary to become conscientious designers.

REPORT

Five Days Workshop on RESEARCH METHODOLOGY: FOCUS ON STATISTICAL DATA ANALYTICS (28.08.2022 TO 01.09.2022)

The Five Days Workshop on "Research Methodology : Focus on Statistical Data Analytics, Level-1 for Beginners" organised by the Faculty of Teacher Education, Shri Ram College, Muzaffarnagar was inaugurated on 28th Aug 2022 in the Computer Lab of the Institute on the occasion of National Sports Day. Mr. Dinesh Kumar, Senior System Programmer , Department of Computer Application was invited for technical support in the Workshop. Dr Indira Singh, Convenor of the workshop welcomed the guests and gave a brief introduction about the five days' workshop. The inaugural session was presided over by Prof. Sunita Sharma (Dean, Faculty of Education, Maa Shakumbhari University, Saharanpur), Dr. Vinit Kumar Sharma, Coordinator, IQAC and other faculty members of the college.

The workshop has the objective of imparting the basic knowledge pertaining to the research and statistics for the Master Degree Students and the Undergraduate Students.

The workshop would be covering the Introduction to Statistics and Importance of Statistical Data Analysis in Research, Basics to SPSS, Data Preparation through SPSS, Running Descriptive Statistics in SPSS, Dealing with Non-Normality and Unequal Variance, Data Transformation and Recording, Bi- Variate data Analysis Methods in SPSS followed by Practice Session every day. Assignments to the participants and hands on experience will be provided in the workshop.

The participants included students from different departments belonged to diverse disciplines including Commerce, Physical Education, Management, Computer Application, Home Science.

The inaugural function was held on the forenoon of 28th August. Honourable Chairman, SRGC, Muzaffarnagar, Dr. S.C. Kulshrestha inaugurated the function.

Prof. Sunita Sharma, Dean, Faculty of Education, Maa Shakumbhari University, Saharanpur was the guest of honour and presided over the function. Dr. Ram Prakash Gupta, Associate Professor from Department of Teacher Education of feredfelicitations for the programme. Dr. Munendra, the welcome address and Dr. Ankur Sharma, proposed the vote of thanks. All the speakers were focusing on the needs for conducting research methodology courses and expressed their concern over the quality degradation in research happening

across India. Such workshops, according to them will provide orientation to the students to proceed with their research in a scientific and systematic way.

The first technical session was handled by Prof. Suvita Kumari, D.A.V. (P.G.) College, Muzaffarnagar. She provided an overall idea about research process starting from selecting the research question, to research design, to data analysis and report writing. It was followed by the technical session handled by Dr. Alok Gupta, Director, SRGC, Muzaffarnagar. The title of the session was framing the research problem and formulation of research hypothesis.

Researchers can develop their research problem and focus on it. He provided adequate help to the participants by mentioning suitable examples of how one can you design a research problem and how research hypothesis can be formulated.

The next session was by Dr. Saurabh Mittal, H.O.D., Department of Commerce who spoke on the topic Methodological issues in social science research. He was speaking on the quantitative type of methodological issues and the qualitative type of methodological issues and the advantages and disadvantages of these two methods and also on the current trend of using a hybrid methodology or mixed methods where by you combine these two methods

There was also a session on sampling methods handled by Dr. Ashwani, Associate Professor, Department of Biotechnology, Shri Ram College, Muzaffarnagar. He was focusing on the different types of sampling techniques that the researchers can adopt from random sampling to non-random sampling methods. He was able to convey the participants on the methods by which adequate number of sample can be identified for a particular type of research.

The session on research design was handled by Prof. Surendra Pal, D.A.V. (P.G.) College, Muzaffarnagar. Prof. Surendra Pal also spoke on the relevance of research design and the ways by which a research design has to be formulated on the basis of their research questions.

The session on data collection instruments, particularly on questionnaire and interview schedule was handled by Dr. Saurabh Jain, H.O.D., Department of Biotechnology, Shri Ram College, Muzaffarnagar. He was focusing on the do's and don'ts while preparing a questionnaire with a suitable example. Qualitative methods in social science research was also given due importance in the workshop. The first session on qualitative methods was handled by Dr. Saurabh Jain also who focused on case study and its possibilities in research.

The ninth session was handled by Prof. Preety Aggarwal, D.A.V. (P.G.) College, Muzaffarnagar.. She was focusing on data sources and how to use the reference software, Zotero. She focused on the different types of data sources and the availability of e-resources.

For conducting social science research, the references of tware Zotero was downloaded by all the participants and she gave hands on training to use Zotero software. This was followed by two sessions by Prof. Preety Aggarwal who handled the topics on inferential statistics and formulation and testing of hypothesis. She provided several examples to conduct testing of hypothesis.

The fifth day was fully reserved for explaining IBM SPSS software and how students can use it for their research purpose. This was handled by Dr. Neeraj Tomar, Associate Professor from Meerut College, Meerut. The relevant tools in SPSS were demonstrated by the Professor with suitable examples. He shared his data with students and students were given hands on experience of how to enter the data and how to do preliminary data analysis. The last sessions on the last day of the programme was handled by Dr. Munendra Kumar, the Convener of the workshop and Professor at Department of Teacher Education. He spoke on quantitative data analysis and on academic writing and the modalities that one has to use while writing a research report. The rules and ways by which academic writing has to be undertaken was specifically mentioned during the session.

Finally, the last session was devoted for the participants to share their experience. The course convener gave enough time for scholars to share their experience and also to point out the drawbacks of the workshop. Most of the participants had an opinion that this was the most valuable and memorable workshop that they have attended because all the particularities of doing social science research was covered by the workshop right from a research problem, to formulating a research problem, developing a research design, developing a research hypothesis, preparing questionnaire and interview schedule, collecting data, entering it in SPSS, doing data analysis, doing qualitative research including ethnography, case study, phenomenology and finally report writing. All these aspects were covered in the workshop. Also the students gave a suggestion that it would be better if adequate time is given for them to discuss their own research topic with resource persons.

SEMINAR ON
Intellectual Property Rights and its role in Bio-entrepreneurship
Session 2022-2023

DATE : Feb 11, 2023

Proposed Schedule

Date	Time	Programe	Dignitaries
11/2/2023	10:00 am - 10:15 am	Inauguration of the programe by Honorable Chairman sir and other dignitaries	Dr. S. C. Kulshreshtra (Founder Chairman of SRGC), Dr. Perna Mittal (Principal of SRC)
	10:15 am - 11:15 am	Introduction of the IPR and their role in Biotechnology	Dr. Ashok Kumar (Professor, Department of Botany, CCS University, Meerut)
	11:15 am - 12:15 pm	How Intellectual Property Rights Protect Biotechnology and Indian Pharmaceutical Industries	Dr. Girendra Gautam (Director, Shri Ram College of Pharmacy, Muzaffarnagar)
	12:15pm - 1:15 pm	Licensing Biotechnology Inventions in India	Dr. Ritu Aggarwal, Department of Botany, M.S. College, Saharanpur
	1:15pm - 1:30 pm	Vote of Thanks and valedictory sessions	Mr. Vikas Kumar Tyagi

SHRI RAM COLLEGE

(NAAC A++)

National Seminar on "Intellectual property rights and its role in Bio-entrepreneurship"

Organized by:

Faculty of Biosciences & Faculty of
Business Administration

Shri Ram College, Muzaffarnagar

(Approved by UGC, NCTE, Affiliated to

Maa Shakumbhari University, Saharanpur)

11-02-2023

10:00 am onwards

Venue: SRC Auditorium

Co-ordinator
IQAC, Shri Ram College,
Muzaffarnagar

About Our Institution

Shri Ram College (SRC) is a bastion of academic excellence, offering a diverse range of undergraduate and postgraduate programs spanning numerous disciplines, including Computer Applications, Sciences, Commerce, Journalism, Physical Education and Management Studies and many more. Rooted in a dedication to fostering quality education, SRC provides students with a rich tapestry of learning opportunities.

To cater to the need of Professional Education, Highly Qualified Academicians, Prestigious Bureaucrats and Renowned Industrialists under the leadership of The Eminent Educationists Dr. S.C. Kulashreshtha have formed "Shri Ram Charitable Trust" with an aim at promoting quality education. SRC's holistic approach extends beyond academia, emphasizing the development of well-rounded individuals capable of thriving globally. Through experiential learning and industry engagement, students emerge as socially responsible leaders. As a beacon of educational innovation, SRC cultivates thought leaders poised to shape the future. In its corridors, the spirit of inquiry, innovation, and inclusivity thrives, laying the foundation for a brighter tomorrow built on knowledge, integrity, and service to society.

Additionally, the campus provides various sports facilities for both indoor and outdoor games, encouraging students to engage in physical activities and sports. The College's commitment to academic excellence and overall student development makes it a sought-after institute for higher education in the region.

About Our Seminar

A seminar on Intellectual Property Rights and their role in bio-entrepreneurship is crucial in understanding how to protect and leverage innovations in the biotechnology sector. The event typically starts with an introduction to the various forms of IPR, such as patents, copyrights, trademarks, and trade secrets, and their significance in safeguarding biotechnological advancements. It explores the intricacies of patent law, including what constitutes a patentable invention in biotech and the challenges involved in the patent application process. The seminar also covers the role of copyrights in protecting software and research outputs, and trademarks in establishing brand identity. Attendees gain insights into managing trade secrets and confidentiality agreements to protect proprietary information. Key sessions focus on developing an effective IP strategy, including building an IP portfolio and strategies for commercialization through licensing and partnerships. Discussions extend to legal and ethical considerations, including regulatory issues and the broader societal impact of biotech patents. Real-world case studies of successful bio-entrepreneurs illustrate practical applications of IP strategies. The seminar typically concludes with a panel discussion offering expert insights and a Q&A session, providing networking opportunities and fostering collaboration among participants. Overall, the seminar equips bio-entrepreneurs with the knowledge and tools to navigate the complex intersection of intellectual property and biotechnology.

Sub- Themes

Harnessing Intellectual Property Rights for Innovation in Bio-entrepreneurship"

- "The Impact of Intellectual Property Protection on the Growth of Biotech Startups"
- "Navigating Intellectual Property Challenges in Bio-entrepreneurship: Strategies and Case Studies"
- "Intellectual Property Rights: A Catalyst for Success in Bio-entrepreneurship"
- "Patents, Trademarks, and Trade Secrets: The Pillars of Bio-entrepreneurial Ventures"
- "Securing Innovation: The Role of IPR in the Biotech Industry"
- "Intellectual Property Strategy and Its Critical Role in Bio-entrepreneurial Success"
- "Bio-entrepreneurship and Intellectual Property: Balancing Innovation and Protection"
- "The Synergy of Intellectual Property and Bio-entrepreneurship: Case Studies and Future Trends"

Call for Papers & Guidelines

Extended Abstracts of original research papers are invited Academicians, Research Scholars, and Industry Participants on the theme and sub-theme for the seminar only original and unpublished work is sought.

Co-Sponsor
IQAC, Shri Ram College,
Muzaffarnagar

Guidelines

- Authors and Co-Authors should register separately.
- Abstract and Full paper should be submitted in MS Word Format (A4 Paper, Font Style- Times New Roman, Font Size- 12, Line Spacing-1.5)
- Author's Affiliation, Contact Address, Designation, E-Mail ID and Mobile Number are to be added in the front page
- Plagiarism should be less than or equal to 15%
- The Abstract and Full paper should be submitted to this E-Mail ID:
vipinhakraan@gmail.com

National Seminar on
“Intellectual Property Rights and its role in Bio-entrepreneurship”

REPORT

The Faculties and Students at Shri Ram Colleges participated in a one day seminar on intellectual property rights and its role in bio-entrepreneurship. The national seminar on IPRs and bio-entrepreneurship was conducted in the SRC Auditorium on 11th Feb 2023. Over 152 people, including students and teachers, attended the session to circulate awareness about Intellectual property rights and bio-entrepreneurship. In this seminar, they gain knowledge of how the students can be bio-entrepreneurs and how IPR is related.

Dr. Ashok Kumar delivered his lecture on the topic Introduction of the Intellectual Property Rights and their role in Biotechnology and how these both are related.

Introduction of the Intellectual Property Rights

Licensed innovation eludes the elite rights allowed by the nation above manifestations of personality, specifically, developments, abstract and imaginative works, particular signs and plans utilized in trade.

Modern innovation is critical for the medicinal business. Utilization of the Intellectual Property framework by Small and Medium Enterprises in the medicinal business relies generally upon the business technique of an organization, its size, assets, imaginative limit, serious setting and field of ability. Research-based, advancement organizations that look to grow new medications improve or adjust existing medications or grow new pharmaceutical/medicinal hardware or forms, will, in general, depend vigorously on the patent framework to guarantee they recuperate the ventures caused in innovative work.

Meaning of Biotechnology

Biotechnology is an innovation that uses natural frameworks, living creatures or parts of this to create or make various items.

Co-ordinator
IQAC, Shri Ram College,
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

With the improvement of the hereditary building during the 1970s, inquiries about biotechnology (and other related zones, for example, medication, science and so forth.) grew quickly on account of the new probability of making changes in the life forms' hereditary material (DNA).

Today, biotechnology covers a wide range of controls (e.g. hereditary qualities, natural chemistry, atomic science, and so forth.). Innovations and items are built up each year inside the regions of medication (advancement of new meds and treatments), farming (improvement of hereditarily adjusted plants, biofuels, and organic treatment) or modern biotechnology (generation of synthetic compounds, paper, materials, and nourishment).

IPR and Biotechnology

The various departments of biotechnology have underlined advancements in biotechnology. Interestingly, most creating nations don't have solid IPR systems and achievement instalments. Licensed innovations (IP) are key to the biotechnology business, and carry with it a measurement, encouraging community-oriented action, regardless of whether it is a medication disclosure or clinical or advertisement-related preliminaries.

Basically, collective movement is the cooperative energy between India's capacity to give conditions to explore, clinical preliminaries and advancement, innovative lead and capital accessibility in created countries.

Dr. Girendra Gautam, delivered his lecture on the topic of how IPR protect Biotechnology and also on India Pharmaceutical Industry. He has expertise in the field of Pharma

How do Intellectual Property Rights Protect Biotechnology?

Intellectual property rights protect one's innovation. In biotechnology also the inventor can be protected by IPR, but to protect his/her rights one should prove his/her novelty and innovations of that particular product. They discussed a few examples in which the IPR protected biotechnology.

Here is one case of how protected innovation rights work in the medicinal services industry. Government assurance permits organizations to utilize a trademark name to show that it has an enrolled trademark name. More than one organization may sell a similar substance compound, which implies a similar medication; however, just one organization can legitimately utilize the trademarked name to advertise that medication.

Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

Indian Pharmaceutical Industry

The Patent Law Treaty (PLT), the trademark Law Treaty (TLT) has made some amazing progress, being nearly non-existent prior to 197- to noticeable suppliers of human services items, meetings just about 95 for each penny of the nation's medicinal requirements. Nowadays the business is in the front position of scientific technology-based enterprises with vast going capacities in the intricate field of medication production and innovations. The positions are extremely high in developing countries, regarding innovations, quality, and the scope of meds fabricated. From straightforward migraine pills to modern anti-toxins and complex cardiovascular mixes, pretty much every sort of medication is presently made domestically. Worldwide organizations related to this area have invigorated, helped and initiated this dynamic advancement in the previous years and assisted with putting developing countries on the medical guide to the universe.

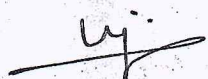

Dr. Ritu Aggarwal explained the topic of Licensing Biotechnology Inventions in India. This is the main topic through which we learned how we can put the law into our inventions. How a person can be a successful bio-entrepreneur?

Licensing Biotechnology Inventions in India

The IPO considers biotechnological developments to be identified with living elements of characteristics starting points, for example, the fake starting point, small-scale life forms, immunizations, transgenic creatures and plants, organic materials, for example, DNA plasmids, qualities, vectors, tissues, cells, replicons, forms identifying with living elements, forms relating to organic material, strategies for treatment of human or creature body; natural forms or organic procedures. The accompanying biotechnological developments are not considered patentable under Segment 3 of the Indian Patent (Amendment) Act 2005.

Lastly, the vote of thanks and valedictory sessions was done by Mr. Vikas Kumar Tyagi, where all the dignitaries were appreciated.

The seminar was completed with great success.

Department of Journalism & Mass Communication

02/05/2023

Notice

It is inform to all the students and faculty members of Shri Ram College that two days workshop on topic "Research Method in Communication" is scheduled by the Department of Journalism and Mass Communication on dated 8th to 9th of May 2023. Dr. Mohd Arif from Govt PG College Deoband, Saharanpur, will be the chief guest and keynote speaker of the workshop. This workshop is designed to equip participants with essential skills and knowledge in conducting effective research within the field of communication. Two days workshop will be focused on the Understanding Research in Communication: Paradigms and Approaches. Data Collection Techniques: Surveys, Interviews, Focus Groups and More. So it is humble request to all the faculty of Shri Ram College to join us for two days of insightful discussion and networking, as we delve in to the emerging trends shaping the future of communication research in India.

Department of Journalism & Mass Communication

A

Report on

Workshop

"Research Method in Communication"

A two day workshop was organized by the Department of Journalism and Mass Communication Shri Ram College on the topic "Research Method in Communication" on 8th to 9th of May 2023. The eminent personality Dr. Mohd Arif was present as the keynote speaker. Dr. Arif presently working as an Assistant professor in Govt. (PG) College, Deoband, Saharanpur

The program was started with Indian tradition, Dr. Mohd Arif, Assistant professor in Govt. (PG) College, Deoband, Saharanpur, Principal of Shri Ram College, Dr. Perna Mittal, Dean Academic Dr. Vineet Sharma, Head of Business Administration Department Dr. Pankaj Kumar, Head of Commerce Department Dr. Saurabh Mittal Head of Journalism and Mass Communication Department, Dr. Ravi Gautam were jointly lighting the lamp.

While addressing the college faculty from various department and students as the keynote speaker on the occasion of first day of the workshop Dr. Arif said that the research is the need of the hour. He made the faculty and students aware about research by telling them about Communication Research. He explained the technical points related to Communication Research in detail, in which, while sharing the information on research methods and all aspects of research, he discussed in depth about research design and methodology, identifying research problem, developing research question and hypothesis, areas of communication research, literature review, At the end of first day of workshop, all the questions asked by the students were answered by him satisfactory and very easily.

On the second day of the two days workshop, Dr Arif addressed to all the participants faculty members and students of JMC department on the

Muzaffarnagar

importance of data collection, data analysis and presenting the research report writing in communication research. With sharing the information about the use of SPSS software used for data analysis, he said that SPSS (Statistical Package for the Social Science) is a software program that is used by researchers of various disciplines for quantitative analysis of complex data.

While presenting the vote of thanks after the guest, Head of the Department, Dr. Ravi Gautam said that a great personality from the field of education is present among us today. Expressing his gratitude and thanks to Dr. Mohd Arif, he said that you took out time from your busy schedule and guided our students. Expressing hope, he said that the guidance given by Dr. Mohd Arif will have a positive impact on the students in journalism which will be helpful in building their future.

On this occasion college faculty from various department and students were present.

Objectives of Workshop:-

- To introduce participants to the fundamental concepts and importance of research in communication.
- To develop the research skills of college faculty
- To make them aware about the process of Research.
- To make them aware about various methodology of research.
- To make them aware about the values and ethics of Research.
- To educate participants about ethical considerations in conducting research, including issues of consent, confidentiality, and integrity.

Outcomes of Workshop:-

- Participants gain a clear understanding of various research methods used in communication, including both qualitative and quantitative approaches
- Participants learn about ethical considerations and best practices in conducting communication research.
- Participants are able to design their own research proposals, incorporating appropriate methodologies and ethical considerations.
- Participants develop skills in collecting and analyzing data, whether through surveys, interviews, or other methods.

Co-ordinator

Lay out of Event: Day 1

- 09:00 am – 09:30 am: Welcome and Introduction (Lamp lighting, Bouquet presentation)
- 09:30 am – 10:30 am: Overview of Research Methods
- 10:30 am – 10:45 am : Break
- 10:45 am – 12:00 pm: Qualitative Research Methods
- 12:00 pm– 1:00 pm : Lunch
- 1:00 pm – 2:30 pm: Hands-On Activity: Designing a Qualitative Study
- 2:30 pm – 3:45 pm : Case Study Analysis
- 3:45 pm – 4:00 pm : Question hour.

Lay out of Event: Day 2

- 09:00 am– 10:30 am : Quantitative Research Methods
- 10:30 am – 10:45 am : Break
- 10:45 am – 12:00 pm: Hands-On Activity: Creating a Survey
- 12:00 pm – 1:00 pm : Lunch
- 1:00 pm – 2:30 pm: Mixed Methods Approaches
- 2:30 pm – 3:45 pm: Group Project: Research Proposal Presentation
- 3:45pm – 4:00 pm: Question hour
- 4:00 pm – 4:15 pm : Vote of thanks

Event Summary:

- Date of Event : 8th to 9th/May/2023
- Time : 09:00 am to 04:15pm
- Faculty present : 45
- Students present : 75
- Venue : Lecture theatre (Management Block)
- Event Coordinator : Dr.Ravi Gautam, HoD, JMC

Report

The Dept. of Agriculture has been conducted a Work shop on “An Introduction of Intellectual property Rights (IPR), Role of IPR in World Economic Environment Development” for one week. In our aim is to shine a light on how the decisions of various actors within innovation ecosystems, including policymakers, researchers, enterprises, entrepreneurs and consumers, come together to shape the future trajectory not only of innovation, but of economies and societies around the world. In present scenario of globalization, IPR is the focal point in Global trade practices and livelihood across the world. IPR refer to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time. These legal rights confer an exclusive right to the inventor/creator or his assignee to fully utilize his invention/creation for a given period of time. These Intellectual property rights (IPR) are territorial rights that can be registered with a legal authority in some presentable or tangible form which can be sold or bought or licensed, similar to physical property. IPR are also described as “a legal framework for contractual agreements concerning technologies, which encourage the institution of 'markets for technology', making easier the international transfer of technology and its diffusion at the local level.” Intellectual Property rights incentivize entrepreneurs to keep pushing for new advances in the face of adversity. IP rights facilitate the free flow of information by sharing the protected know-how critical to the original, patented invention. In turn, this process leads to new innovations and improvements on existing ones.

The report begins with a discussion of the main factors that govern the direction of innovation, including the relationship between social and private returns. While public and private motivations are not always aligned, the report shows that they can be leveraged effectively for the common good. In keeping with previous editions of this report, we supplement this conceptual discussion with a series of historical case studies. Through the prisms of medical innovation during the Second World War, the evolution of the space race, and the rise of information technology industries in East Asia, we detail the variety of factors and stakeholders that impudence the direction of innovation and offer insights relevant to both highly industrialized and emerging economies. As the world looks to rebuild from the pandemic, innovation has a crucial role to play in opening up new growth possibilities and

**DEPARTMENT OF AGRICULTURE
SHRI RAM COLLEGE, MUZAFFARNAGAR**

creating much needed solutions to the common challenges that we face. Decisions on innovation may be complex, but, as this report highlights, it is vital that they are understood. The report concludes by discussing how innovation can help address the global challenges of today and tomorrow. While the long-term trajectory of innovation remains uncertain, we know that new digital technologies and solutions have a key role to play in building a greener, fairer, healthier and more resilient world.

Advantage of the Future Prospects & workshop:

- ✓ Intellectual property Rights (IPR), leads to faster development of organization engaged in research work.
- ✓ IPR helps in improving the quality of product.
- ✓ It effort and resources in developing products & new ideas.
- ✓ IPR provide a strong incentive for individuals and businesses to invest time.
- ✓ IPR provides for the grant of exclusive rights to inventors for their inventions, which must be novel, involve an inventive step, and have industrial applicability.
- ✓ Its promotes healthy competition for invention among the intellectuals.

National Seminar
On
Research Methodology: Trends, Challenges & Opportunities

Date -15/03/2023

As part of Shri Ram College initiative to offer continuing support to researches, Department of Basic Science is going to organize a National Seminar on the theme, "Research Methodology: Trends, Challenges & Opportunities" on 23rd March, 2023.

The keynote speaker of this seminar will be

1. Dr. S.N. Chauhan, Director, SD College of Engineering & Technology, Muzaffarnagar
2. Dr. Mohit Kumar Sharma, Assistant Professor, Hariom PG College, Dhanouri (Haridwar)
3. Dr. Anju Walia, Principal of Indraprastha Institute of Management & Technology, Kota (Saharanpur)

All PG students and faculty members are requested to participate in this Seminar. You can spread it among all of your related beings. The information brochure of this seminar has been attached along this notice.

Theme of the Seminar

Research Methodology: Trends, Challenges & Opportunities

Sub- Themes

- Innovative Approaches in Research Methodology
- Ethical Challenges in Modern Research
- Leveraging Big Data in Research: Methods and Applications
- Interdisciplinary Research: Methods and Best Practices
- The Role of AI and Machine Learning in Research Methodology
- Quantitative vs. Qualitative Methods: Trends and Insights
- Enhancing Research Quality Through Advanced Analytical Techniques
- Navigating Methodological Biases in Research
- Research in the Digital Age: Tools and Techniques
- Data Privacy and Security in Research: Challenges and Solutions
- Mixed Methods Research: Trends and Future Directions
- Collaborative Research: Methodological Frameworks and Practices
- Ethnographic Research: Trends and Methodological Challenges
- Case Study Research: Contemporary Methods and Applications
- Systematic Reviews and Meta-Analyses: Methodological Innovations

Keynote Speakers

- Dr. Anju Walia, Principal, Indraprastha Institute of Management & Technology, Kota (Saharanpur)
- Dr. S.N. Chauhan, Director, SD College of Engineering & Technology, Muzaffarnagar
- Dr. Mohit Kumar Sharma, Assistant Professor, Hariom PG College, Dhanouri (Haridwar)

Research Methodology: Trends, Challenges & Opportunities

Date -23/03/2023

A national seminar was organized by Department of Basic Science on 23rd March, 2023 at Shri Ram College, Muzaffarnagar. On this occasion, the chief guest was Honorable Dr. S.C. Kulshreshtha, Founder & Chairman, Shri Ram Group of Colleges, Muzaffarnagar. In welcome note, Dr. Vinit Kumar Sharma, IQAC, Coordinator, Shri Ram College, said that many of our teachers and researchers have acquired knowledge through hard work and this knowledge has become the basis of civilization, society. He also said that Research is an organized and systematic way of finding answers to question. Research has carried out for two purposes one is discovery and second one is verification of old one. In India there is a scarcity of competent researchers due to lack of scientific training in the research methodology. This national seminar certainly will improve the research skills of students and faculty members. For the welfare of the world, research should have innovation, accuracy, relevance and rationality. He should be up to date with the new trends, challenges, new opportunities in the respective field. The government of India is emphasizing on research based on Indian values and the confidence of the youth in this effort of the government is increasing, this will definitely prove to be a milestone in this direction in the times to come.

Presiding over the seminar, Principal, Dr. Purna Mittal said that apart from being beneficial for the society, research should be latest and should not be repetitive. Those who reach the top after passing through the three-tier investigation are researchers in the real sense. Infrastructure also matters a lot. He further explained that there is a need for continuous study along with learning. He gave detailed information about the things a researcher should know.

The keynote speaker of the first session of the seminar, Dr. S.N. Chauhan, Director, SD College of Engineering & Technology, Muzaffarnagar, talked about some new trends of research methodology, which are very important to know in the context of conducting quality research. He also discussed about qualitative and quantitative research models, types of literature review and different research types. He clarified the difference between research methodology and research method.

The keynote speaker of the second session of the seminar, Dr. Mohit Kumar Sharma, Assistant Professor, Hariom PG College, Dhanouri (Haridwar), gave great respect to the idea of research and explained how a good research helps in the development of the society.

After Lunch, the next keynote speaker, Dr. Anju Walia, Principal of Indraprastha Institute of Management & Technology, Kota (Saharanpur). She also highlighted the merits and importance of research and told how research affects the society. He explained that some ne challenges which affect the research scientifically, objectivity, ability to edit the document and proper acknowledgment of the research sources from which relevant ideas are taken to conduct the research.

Seminar coordinator Mr. Rajdeep Saharawat established the topic and further told that in future, this seminar will help the researchers and new teachers in doing research work. He further said that in this national seminar, research papers on the subject of Research Methodology were presented by 55 students of various streams and 81 faculty members & research scholars. Convener of this seminar, Dr. Manoj Kumar Mittal, along with chief guests presented the memento & certificate to all keynote speakers & presented a thankful note to all speakers, guests & all participants.

A Workshop
On
“Awareness Program on Intellectual Property Rights”
REPORT

To promote the awareness of intellectual property rights and to encourage innovation across various disciplines.

OBJECTIVE:-

- 1 To create public awareness about the benefits of Intellectual Property among all sections of society.
- 2 To recover research and development investments for a limited periods of time.
- 3 To stimulate the creation and growth of Intellectual Property by undertaking relevant measures.
- 4 To encourage innovation and to provide incentives for innovation by granting protections.
- 5 To stimulate the generation of Intellectual Property rights.

Topics covered by the Speaker

Day-1

- Introduction
- Understanding Patents
- Trademarks and Brand Protection
- Copyrights and Creative works
- Trade Secrets and Confidential Information

Co-ordinator
IQAC, Shri Ram College,
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

Day-2

- International Intellectual Property Rights
- IP Rights in the Digital Age
- IP Rights Enforcement and Litigation
- IP Rights Management and Licensing

Lay out for the Program:-

- Welcome to the Guest
- Lamp Lighting
- Bouquet presentation to the Guest
- Introduction to the Guest

CONCLUSION:-

Intellectual Property rights are the rights given to students over the creations of their minds. They usually give the creator an exclusive rights over the use of the students creation for a certain periods of time. While the basic social objectives of intellectual protection it should also be noted that the exclusive rights given are generally subject to a number to limitations and exceptions, aimed at fine-tuning the balance that has to be found between the legitimate interest of right holders and of users.

Other Important Information:-

Time of the Program : 10:30AM - 2:30PM
Venue of the Seminar : Auditorium, Management Block.
Date : 24-08-2022 – 25-08-2022

National Conference On INTELLECTUAL PROPERTY RIGHTS AND PLAGIARISM

**-: Organized By:-
Faculty of Basic Science
Shri Ram College
Muzaffarnagar**

**-: Dated On :-
10th December, 2022**

**-: Venue:-
Auditorium
Shri Ram College**

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

-:About the Conference:-

The "Conference on Intellectual Property Rights and Plagiarism" is a significant event that brings together experts, scholars, policymakers, and professionals to discuss critical issues related to the protection of intellectual property and the prevention of plagiarism. The conference covers various topics, including the legal frameworks of IP rights, enforcement challenges, the impact of digital technologies, and the importance of academic integrity. Through keynote speeches, panel discussions, and workshops, participants explore the intersections of IP law and plagiarism, share best practices for maintaining originality, and discuss strategies for promoting ethical

conduct. The event aims to foster a deeper understanding of IP rights and plagiarism, encouraging a culture of innovation, creativity, and academic honesty.

-: Objective of Conference:-

The objective of the "Conference on Intellectual Property Rights and Plagiarism" is to provide a platform for educating and discussing the complexities of intellectual property protection and plagiarism prevention. It aims to highlight legal frameworks, enforcement challenges, and ethical implications, while presenting best practices and tools for detection and prevention. The conference fosters collaboration among experts, scholars, and policymakers to promote innovation, respect for IP, and academic integrity, ultimately advancing knowledge and protecting intellectual contributions.

-:Contents of Conference:-

Report

One Day Conference

On

INTELLECTUAL PROPERTY RIGHTS AND PLAGIARISM

Dated: 10th December, 2022

Venue: Auditorium, Shri Ram College

A one day National Conference on Intellectual Property Rights and Plagiarism was organized by Department of Basic Science, Shri Ram College, Muzaffarnagar on 10th December, 2022. This conference aims to share experiences on how to convert research and projects into patent, to commercialize patented works and to bring long term benefits to the nearby colleges on par with top class universities.

The programme was started with registration at 08:30 am on 10th December, 2022 at reception in Auditorium of Shri Ram College. The inaugural programme was started at 9.30 am with a Saraswati Vandana followed by welcome by presenting bouquets to the speakers and guests by Dr. Pooja Tomar.

Shift-I.

In the welcome address, Dr. Vinit Kumar Sharma highlighted the importance of this conference and appreciated the participants for their interest shown to attend this programme. Dr. Purna Mittal, Principal, Shri Ram College, in his felicitation message, emphasized the significance of the intellectual properties and urged the participants to focus more towards new inventions and contribute to the growth of the country.

Dr. Aditya Gautam, Principal & Professor, Hariom PG College, Haridwar, as a keynote speaker in his inaugural address spoke about the current scenario where India is lagging in terms of filing and obtaining patents.

In the first technical session, Dr. Mohd. Arif, Associate Professor, Deoband PG College, Deoband gave a presentation on "Patents - Basics and Importance" and highlighted the importance of protecting the rights of the new inventions with the case reports and emphasized the role of consultants in filing patents. The talk developed the basic ideas over the aspects of patents with specific reference to design, development and application. Also, he gave an exposure about the technical aspect of patent and its significance.

The resource person for the second technical sessions was Dr. R.P. Singh, Principal, CHS Group of Colleges, Khurja, Bulandshahar. In his enlightening presentation on "New dimensions of Innovations and Patent procedures", he touched upon the legal aspects of current scenario in protecting intellectual property in India and lamented the lack of awareness among the faculty and research scholars on how to convert the research finding to a patent. The talk mainly motivated the audience to take up patenting and explained about the procedures to be followed while filing a patent. Moreover the talk envisioned about the importance of claims, which implemented the new innovation among the researchers.

Shift II

In the afternoon session, a presentation on "Academic Integrity through Originality Assessment Test" was given by Shri. Debapriya Mukherjee, Turnitin India Education Pvt. Ltd, Bangalore. He stressed on the importance of checking the malpractices and curbing the plagiarism in higher educational Institutions in India and dwelled on how to write thesis and research papers in a better way using Turnitin antiplagiarism software.

The fourth and final technical session was highly informative vis-a-vis the procedures to file patent rights, copyrights and trademarks by Mr. Sharad Kaushik, Assistant Professor, Shri Ram College of Management. He gave a presentation about "Introduction to IPR and Patent Filing Procedures in India". He explained the step by step process

Coordinator
IQAC, Shri Ram College,
Muzaffarnagar

Chairman
IQAC, Shri Ram College,
Muzaffarnagar

of filing the patents and the consciousness towards the don'ts while filing the patent. This session was a real enlightenment to the audience about patent search as well.

The conference came to an end with the valedictory function at 5.00 P.M. Dr. Rishabh Bhardwaj, Assistant Professor, Department of Basic Science welcomed the gathering followed by the valedictory address by Dr. S.C. Kulshreshtha, Founder, Shri Ram Group of Colleges. Participation certificates & Mementos were issued to all the participants. Finally, Dr. Pooja Tomar, Convener of this conference thanked everyone for their active participation. This conference brought about a positive transformation in the Faculty member's attitude in their project and research works and got them more focused as well as result oriented. There were 122 candidates & 63 faculty members registered to participate in this conference. This conference was an eye opener for the young faculty and research scholars and taught them the nitty gritty of intellectual property rights.
