2.5.1 - Mechanism of Internal Assessment

The internal evaluation system is transparent and decentralized at department level with examination committee. The assessment work is carried out by the concerned subject faculty. Relevant methods such as peer evaluation, assignments, tutorials, surprise test, mid-term examinations, project work, internship, presentation etc. are experimented in the internal assessment. Unit tests/tutorials are conducted periodically in some programs in which internal examination are not prescribed by the university and internal marks are not submitted to university as per curriculum. There is at least one internal test per semester in UG program and two internal tests per semester in PG program. The evaluation reports are prepared within the stipulated time and communicated to the students in the classroom as well as displayed on the notice board. The answer books are shown to the students. Question papers for all tests and assignment are linked with course outcomes (COs). Students are provided question bank also for their preparation. Most of the departments arrange parent's teachers meet in which students performance is discussed. To encourage students in co-curricular/extra-curricular activities, extra marks are assigned who successfully complete the two years of NSS with camp, or achieved outstanding performance in cultural/sports activities conducted by the university.
