Training & Placement Cell

Report on

“Personality Development Program (PDP Classes)”

Training & Placement cell organized an activity on “**Personality Development Program (PDP Classes)**” from 09/10/2023 to 19/10/2023 at 03:00 PM to 05:00 PM for the final year students to prepare them for upcoming placement drives and interviews and improve their communication and language skills.

Objective of the Training:

It helps students to improve communication skills and enhance their confidence levels as well. It works around your problem solving abilities and helps improve them significantly. You also learn to deal with depression, stress and anxiety in a better way. It helps you develop a healthy lifestyle and stay peaceful; this scheme includes development of self confidence how to defend oneself in any situation. Personality development not only makes you look good and presentable but also helps you face the world with a smile. Personality development goes a long way in reducing stress and conflicts. It encourages individuals to look at the brighter sides of life. Face even the worst situations with a smile. After this session students will be capable to face interviews and express their views confidently. Thus the objective of the training was to provide the basic knowledge regarding personality development by which they feel relax on the time of interview process.

Number of students who participated:

Total 654 final year students from Dept. of Business Administration, Commerce, Agriculture, Fine Arts, Journalism & Mass Communication, Computer Application, Home Science, Physical Education, Basic Science, Bio Science, and Teacher Education participated in the event.

Training & Placement Cell

Report on Mock Interview Session

A **Mock Interview** session organized by Training & Placement cell on 11/01/2024 at 10:00 AM for the final year students to prepare for the upcoming interviews and placements.

The objective of the activity is to provide a placement environment to all students for prepare to the interview. After this activity students got motivation and confidence for the interview and also find their weak points which may be improved. Students improved their overall personality. Students practice interviewing and gain experience for interviewing.

In this activity total nine hundred & forty six students from Dept. of Commerce, Agriculture, Fine Arts, Computer Application, Physical education, Basic Science, Journalism & Mass Communication, Home Science, Teacher Education, Bio Science and Business Administration participated in the event.

The interviewers put multiple questions to interviewing students related to their field. The common questions, which ask by the interviewers to the interviewing students, during the interview was as follows:

1. Tell me about yourself.
2. What are your short term and long-term career goals?
3. Why did you choose this career?
4. What are your greatest strengths and weaknesses?
5. Why should I hire you?
6. Describe a situation where you had to collaborate with a difficult colleague or client.
7. How do you work under pressure?

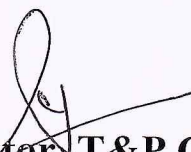

At last the interviewers told weak points the students and how they can improve their weaknesses. Interviewers explain that how students can impress the interviewers during the interview.

Training & Placement Cell

Report on

“Preparation for Civil Services (IAS/PCS), SSC, and other Competitive Exams (GK/GS Section)”

Training & Placement cell organized an activity on **“Preparation for Civil Services (IAS/PCS), SSC, and other Competitive Exams (GK/GS Section)”** 16/11/2023 to 02/12/2023 at 03:00 PM to 05:00 PM for the final year students to prepare GK/GS portion for civil services SSC and different competitive examinations conducted by Central Government, State Government.

Objective of the Training:

General Knowledge/General Studies is one of the most common part used in the hiring process to enter either private sector or government sector. They are not a test of only current GK but also test the past and static GK; instead they assess your level of competency when working with social responsibilities and welfare of society. Although they may seem daunting, especially if you are not someone with an affinity for GK, there is plenty you can do to make sure that you perform well on these tests. Thus the objective of the training was to provide the basic knowledge required and demonstrating the understanding how one needs to solve problems based on general knowledge while managing the time and without being stressed.

Number of students who participated:

Total 99 final year students from Dept. of Computer Application, Business Administration, Commerce, Bio Science, Basic Science, and Journalism & Mass Communication participated in the event.

About the program:

The preparation of the GK/GS portion has become almost mandatory and an important part for the student's selection as almost all the government, semi-government, private sector companies consider it as an important step to test the problem solving skill during the hiring process. Keeping it in mind, the T&P Cell of SRC organized a training session for the students. The resource person for training was Mr. Shubham Tayal, Assistant Professor in SRC, Mr. Kartik Juneja, GS educator in Chanakya IAS Academy, First Floor, Vardhman Plaza, Garh Rd, Kalyan, Meerut, and Mr. Sachin Ahuja, GK educator in The Vishisht IAS Academy, Sofia Market, Court Rd, near PNB Bank, Bijopuri, Saharanpur. These all experts provided a platform packed full of tests, tips, articles and videos which he shared with the students. All the content presented by them was drawn from decades of experience in the field of GK. The content which covered during the session as follows:

- Current events of national and international importance
- History of India and Indian National Movement
- Indian and World Geography
- Indian Polity and Governance
- Economic and Social Development
- General issues on Environmental ecology, Biodiversity and Climate Change (Covers only general awareness of the issues, no subject specialization required)
- General Science

However, with the right practice and preparation there's no reason one can't ace any test. Below are ten top tips given by the speaker to help one prepare for numerical arithmetic test in the most effective way:

- Practice as much as possible
- Make a study schedule
- Use your preparation time effectively
- Practice like it's the real thing
- Get used to the time restriction
- Familiarize yourself with common questions
- Research the test

- Know the position you're applying for
- Incorporate numerical reasoning into your daily life
- Practice past tests
- Find new way to learn
- Don't forget the basics

This was a good interaction session. So many queries were raised by the students related to different shortcut tricks; time management, stress management etc. and the entire expert gave satisfactory answers and cleared all doubts of the students. On the spot practice problems were given to the students to solve, just to make them familiar with the different mind bobbling situations.

Numeric Arithmetic Method Classes

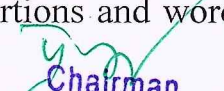

A session on “**Numeric Arithmetic Method Classes for Competitive exam**” organized by Training & Placement cell from 11/03/2024 to 21/03/2024 at 03:00 PM for the students to create a better knowledge in mathematics for competitive exams.

Objective: The objective of the activity is to provide the knowledge about the Mathematics Numeric problems, Aptitude and familiar to the students to competitive mathematics.

Number of students who participated: Total 203 students from Dept. of Computer Application, Agriculture, Yoga Science, Business Administration, Basic Science, Bio Science, Commerce, participated in the event.

About the program: In the present scenario, the basic knowledge of mathematics is very important to the students for competitive examinations. Keeping in mind this objective T&P Cell organized a numeric arithmetic method classes. The resource person for the classes was Mr. Rahul Mainwal, Assistant Professor, SRC, Ms. Vidhi Tayal, and Ms. Anjali Singh came and guides the students for mathematics. The **Topics** which discussed in the session were whole numbers, place values, addition, subtraction, multiplication, division, factoring, fractions, decimals, exponents, scientific notations, percents, integers, proportions and word problems.

Report on

Preparation of Technical Aptitude Test

An activity organized by Training & Placement cell on “**Preparation of Technical aptitude test**” from 18/04/2024 to 27/04/2024 at 03:00 PM for the final year students to prepare for the upcoming interviews and placements.

Objective of the Training: A technical aptitude is designed to assess once knowledge of mechanical processes, as well as once aptitude for spatial awareness and numerical reasoning. The knowledge one needs to demonstrate is specialized and complex, so it's not an overstatement to say the technical aptitude test is challenging. Thus the objective of the training was to provide the basic knowledge required and demonstrating the understanding how one need to mentally solve a series of technical puzzles with detailed parts.

Number of students who participated: Total 207 students from Dept. of Basic Science, Business Administration, Commerce, B. Sc. (Ag.), Computer Application, Bio Science, Physical Education, and Teacher Education participated in the event.

About the program: The preparation of technical aptitude test has become almost mandatory and important part for the student's selection as almost all the companies consider it as an important step to test the problem solving skill during the hiring process. Keeping it in mind, the T&P Cell of SRC organized a training session for the students. The resource person for training was, Mr. Siddhant Garg Asst. professor, Department of Computer Application and Ms. Nidhi Tomar. Mr. Siddhant Garg provided platform packed full of tests, tips, articles and videos which he shared with the students. All the content presented by him was drawn from decades of experience in psychometric testing.

However, with the right practice and preparation there's no reason one can't ace a technical test. So, he provided these ten tips to set oneself up for success:

1. Practice past tests
2. Find new way to learn
3. Master the non-verbal questions
4. Get to grips with spatial questions
5. Have a plan for when unsure
6. Don't forget the basics
7. Ensure one is comfortable with the numerical questions
8. Watch out for trick questions
9. Get the foundations in place
10. Brush up on technical jargon

This was a good interaction session. So many queries were raised by the students related to concepts; time management, stress management etc. and all resource people gave satisfactory answers and cleared all doubts of the students. On the spot practice problems were given to the students to solve, just to make them familiar with the different mind boggling situations.

Speaker: Mr. Siddhant Garg Asst. professor, Department of Computer Application and Ms. Nidhi Tomar

Teachers Participated: Mr. Kapil Kumar, Ms. Radhika Mittal, Mr. Shubham Tayal, Mr. Rahul mainwal, Mr. Navneet Kumar Singh, Ms. Darshika, Mr. Suraj, Dr. Pramod Kumar, Mr. Rahul Kumar, Mr. Mayank, Mr. Jagmehar Gautam, Mr. Vivek, Mr. Salman, Mr. Ajay etc.

Report on

“Preparatory classes for CUET (PG) Entrance Exam for MCA”

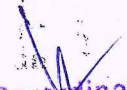

About the program:

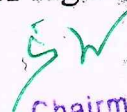

The **Common University Entrance Test for Postgraduate (CUET PG)** is an essential examination for students aiming to pursue postgraduate programs in central universities across India.

As the competition for these prestigious programs continues to intensify, CUET PG preparation classes have become an invaluable resource for students. These classes are designed to help students efficiently prepare for the exam, ensuring they are well-equipped with the knowledge, skills, and strategies necessary to succeed. Keeping it in mind, the Dept. of Computer Application conducted the preparation classes for the students.

The content covered during the preparatory classes is as follows:

1. **Thinking and Decision Making:** This section evaluates the candidate's logical reasoning, quantitative aptitude, and verbal ability.
 - Creative thinking, unfamiliar relationships, verbal reasoning, finding patterns trends and Assessment of figures & diagrams
 - Geometrical designs and identification
 - Selection of related letters/ words/ numbers/ figures
 - Identification of odd thing/ item out from a group
 - Completion of numerical series based on the pattern/ logic
 - Fill in the blanks of the series based on the numerical pattern and logic of the series
 - Syllogisms (logic based questions), Identification of logic and selection of correct answers based on logic

“Preparatory classes for CUET (PG) Entrance Exam for MCA”

Department of Computer Application conducted one month special classes for Preparation of CUET (PG) Entrance Exam for MCA from 16/01/2024 to 15/02/2024. These classes were conducted between 03:00 to 05:00 pm for the students of BCA final year.

Objective of the Classes:

The CUET (PG) for MCA is a Common University Entrance Exam for admission to postgraduate programs at various central and state universities across India. CUET preparation classes have become essential for students seeking to achieve high scores and secure admission into their desired colleges.

The main objectives of running the preparatory classes for the CUET PG were:

- Understanding the Exam Pattern and Syllabus
- Focus on General Awareness
- Boosting Problem-Solving and Analytical Skills
- Comprehensive Knowledge of Subjects
- Practice with Mock Tests and Sample Papers
- Improving Speed and Accuracy
- Time Management
- Staying Calm and Confident

The resource persons nominated from the department for conducting the classes were:

S.No.	Subject	Resource Person
1	Thinking and Decision Making	Dr. Amit Tyagi
2	Mathematics	Mr. Siddhant Garg Ms. Nidhi Tomar
3	Computer Awareness	Dr Himanshu Hora Dr. Pramod Kumar Mr. Ankur Rohilla

Report of Four Days Workshop on

"Kaushal Vidyarthi, Kushal Bharat"

The Department of Journalism and Mass Communication of Shri Ram College, Muzaffarnagar organized a four-day workshop from 12 June to 15 June 2024, titled "**Kaushal Vidyarthi, Kushal Bharat**", for the career orientation of students in the field of print and designing. In which students of journalism and mass communication as well as students of fine arts participated. Mr. Faisal Khan, an alumnus of MAJMC and currently working as an expert in the field of print and designing in Mudgal Times, a reputed newspaper of the country, was the trainer in this career-oriented four-day workshop organized for the students.

In the four-day workshop, the trainer of the workshop, Faisal Khan, introduced the students to print and designing and made them aware of the principles and elements of designing in a practical way. Along with giving detailed information to the students about color theory and typography, he shared the basics of page designing and layout designing with great ease.

He taught the students the tricks of application software used in print and designing such as Quark Express, Page maker, Corel Draw, In Design. He gave detailed information to the students about newspaper and magazine designing as well as all the nuances related to print editing. He developed career oriented skills of the students in the field of print and designing in a simple and clear manner about the principles, elements and importance of color combination in print editing.

Dr. Ravi Gautam, Head of the Journalism and Mass Communication department, delivered the concluding address and vote of thanks at the end of the four-day workshop on print and designing. He emphasized the importance of skills development in the field of print and designing, highlighting the vast opportunities available in the industry.

Dr. Gautam expressed his gratitude to the trainer, Faisal Khan, and the coordinator, Kehkasha Mirza, for their efforts in making the workshop a success. He also thanked the students for their active participation and enthusiasm throughout the workshop.

The vote of thanks marked the formal conclusion of the workshop, which aimed to provide students with hands-on training and awareness about career opportunities in print and designing.

Two Days Workshop

Reports of "Career Counselling and Employment Generation for Agricultural Students"

The Department of Agriculture of Shri Ram College organized a two-day workshop on Career Counseling and Employment Generation for Agricultural Students. The workshop was inaugurated by Dr. Ashish Chauhan, Director Placement Cell, Dr. Ashok Kumar, Director, Shri Ram College, Principal, Shri Ram College and Head of Department Dr. Mohd. Nayeem.

1. Introduction

The agricultural sector is vital for the economy, providing food security, employment, and raw materials for various industries. However, agricultural students often face challenges in transitioning from education to employment. This report outlines the career counselling initiatives and employment generation strategies for agricultural students, highlighting best practices, challenges, and future recommendations.

2. Importance of Career Counselling for Agricultural Students

Career counselling plays a critical role in guiding agricultural students toward suitable career paths. It helps students:

- Understand the diverse opportunities within agriculture, including agronomy, horticulture, animal husbandry, agribusiness, and research.
- Identify their strengths, weaknesses, and interests.
- Develop necessary skills and competencies for various roles in the agricultural sector.
- Build professional networks through industry connections and internships.

3. Current Employment Landscape for Agricultural Graduates

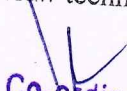

Despite the growing demand for agricultural professionals, unemployment rates among agricultural graduates can be concerning due to various factors, including:

- Lack of exposure to modern agricultural practices and technologies.
- Insufficient industry partnerships facilitating internships and job placements.
- Limited awareness of non-traditional agricultural careers such as agricultural economics, policy research, and environmental management.

4. Career Counselling Initiatives

Several initiatives are being undertaken to support agricultural students:

- **Workshops and Seminars:** Regular workshops conducted by industry experts provide insights into career opportunities and emerging trends within the agricultural sector.
- **Internship Programs:** Collaborations with farms, agribusiness companies, and research institutions facilitate internships that allow students to gain practical experience.
- **Mentorship Programs:** Pairing students with industry professionals for guidance and support in navigating career options.
- **Skill Development Workshops:** Training sessions focused on soft skills, resume writing, and interview techniques to enhance employability.

5. Employment Generation Strategies

To enhance employment generation for agricultural students, institutions and policymakers need to adopt the following strategies:

- **Strengthening Industry-Academia Linkages:** Establishing partnerships with agricultural businesses to create more internships and job placements tailored to students' education.
- **Promoting Entrepreneurship:** Encouraging students to explore agricultural entrepreneurship through business incubators, providing access to funding, and training in business management.
- **Incorporating Modern Technologies:** Emphasizing digital agriculture, precision farming, and data analytics in curricula to equip students with relevant skills.
- **Career Fairs and Networking Events:** Organizing job fairs to connect students with potential employers in the agricultural sector.

6. Challenges Faced

Despite these initiatives, several challenges persist:

- Limited resources and funding for robust career services.
- Resistance to adopting new technologies among traditional sectors of agriculture.
- A gap between educational outcomes and industry needs.

7. Recommendations

To enhance the effectiveness of career counselling and employment generation for agricultural students, the following recommendations are proposed:

- **Curriculum Upgradation:** Regularly updating curricula to align with current industry trends and emerging technologies.
- **Increased Funding:** Securing financial support from government and private sectors to strengthen career counselling services.
- **Public Awareness Campaigns:** Promoting careers in agriculture to students and parents to change perceptions about agricultural careers.
- **Use of Technology:** Leveraging online platforms for career counselling, virtual internships, and networking to broaden access.

Addressing Skill Gaps: Agricultural education often focuses on theoretical knowledge. Career counseling helps identify the practical skills required in the job market, ensuring students are better prepared for employment.

Diversifying Career Options: The agriculture sector is diverse, encompassing roles in agronomy, horticulture, agricultural engineering, biotechnology, and agribusiness, among others. Counseling helps students explore various career paths and choose ones that align with their interests and strengths.

Promoting Entrepreneurship: Many agricultural students possess innovative ideas that can lead to entrepreneurial ventures. Career counseling can provide guidance on how to start and manage agricultural businesses, access funding, and navigate market challenges.

Linking Education with Industry Needs: By working closely with industry stakeholders, career counseling can ensure that agricultural curricula align with current labor market demands, helping students acquire relevant skills.

Increasing Employability: Soft skills, such as communication, teamwork, and problem-solving, are crucial in the job market. Career counseling can help students develop these skills, enhancing their employability.

Supporting Economic Development: Agriculture plays a vital role in many economies. By facilitating employment for agricultural graduates, career counseling contributes to rural development, poverty alleviation, and food security.

Adapting to Technological Advances: As agriculture becomes increasingly tech-oriented, career counseling can help students understand the importance of technology in farming practices and guide them towards careers that utilize innovative agricultural technologies.

Building Networks: Career counseling can connect students with industry professionals, alumni, and potential employers, creating networking opportunities that can lead to job placements and internships.

Encouraging Sustainable Practices: With the growing focus on sustainability, career counseling can inform students about emerging fields such as organic farming, sustainable agriculture, and environmental conservation, guiding them toward fulfilling and responsible career paths.

Enhancing Job Market Awareness: Career counseling exposes students to job market trends, helping them understand what employers seek and where there may be opportunities for growth in the agricultural sector.

In summary, effective career counseling and employment generation initiatives are essential for agricultural students to transition smoothly from education to the workforce, empowering them to succeed in a dynamic and evolving field.

8. Conclusion

Career counselling and employment generation for agricultural students are critical for building a strong workforce in the agricultural sector. By implementing effective strategies and addressing existing challenges, educational institutions and industry stakeholders can significantly improve employment outcomes for agricultural graduates. Through a collaborative approach, we can ensure that the next generation of agricultural professionals is well-prepared to meet the demands of the industry and contribute to sustainable agricultural practices.

Notice

This is to inform all students and interested participants that a **Career Counseling Session** on **Biotechnology and Microbiology** will be conducted to provide valuable insights into career opportunities, academic pathways, and industry trends in these exciting fields.

Details of the Session:

- **Date:** 09/01/2024
- **Time:** 10:00 am to 1:00 pm
- **Venue:** Auditorium

Key Highlights of the Session:

1. Guidance on diverse career paths, including research, academia, and industry roles.
2. Insights into emerging technologies and global opportunities.
3. Interactive Q&A with industry experts and academicians.

We encourage all students and professionals interested in exploring opportunities in **Biotechnology and Microbiology** to attend this session and gain practical advice from experienced professionals.

Don't miss this chance to shape your future in these dynamic and innovative fields!

Report on
Career Counseling Session in Biotechnology and Microbiology

Date: [09/01/2024]

Venue: Auditorium

Organized By: Department of Biosciences, Shri Ram College, Muzaffarnagar

Speaker: Dr. Dinesh Panwar, Associate Professor, Department of Microbiology, CCS University, Meerut

A career counseling session focusing on Biotechnology and Microbiology was held on [09-01-2024] at Auditorium Shri Ram College, Muzaffarnagar. The event aimed to provide students with insights into the diverse career opportunities in these rapidly advancing fields and guide them in planning their professional paths effectively.

Objective:

The primary goal of the session was to familiarize students with the current trends, emerging technologies, and potential career paths in Biotechnology and Microbiology. It also sought to highlight the skills and qualifications necessary to excel in these industries.

Key Topics Covered:

1. Overview of Biotechnology and Microbiology Careers:

The session began with an introduction to the scope of Biotechnology and Microbiology, including their applications in healthcare, agriculture, environmental science, and industrial processes.

2. Emerging Trends and Opportunities:

The speaker highlighted groundbreaking advancements such as CRISPR gene editing, synthetic biology, personalized medicine, vaccine development, and microbial bioengineering. These areas were presented as promising avenues for aspiring professionals.

3. Academic and Professional Pathways:

Students were guided on choosing the right educational qualifications, such as advanced degrees (M.Sc., PhD) and certifications, to enhance their expertise in specialized domains. The importance of internships and research experience was emphasized.

4. Skills for Success:

The speaker discussed the importance of analytical thinking, lab skills, proficiency in bioinformatics tools, and knowledge of regulatory guidelines for careers in Biotechnology and Microbiology. Communication and teamwork were also identified as key soft skills.

5. Career Options:

A range of career opportunities was outlined, including roles in research and development, quality control, clinical trials, regulatory affairs, and entrepreneurship. Career prospects in academia and industry, both in India and abroad, were explored.

6. Networking and Industry Engagement:

Students were encouraged to attend conferences, join professional organizations, and connect with experts in the field to stay updated and build valuable networks.

Interactive Session:

The lecture concluded with a Q&A session where students sought guidance on topics such as pursuing higher education, job market demands, and overcoming challenges in the field. The speaker provided detailed and encouraging responses, tailored to individual concerns.

Feedback:

The session received overwhelmingly positive feedback. Students appreciated the practical advice, clarity on career pathways, and motivation to explore the numerous possibilities in Biotechnology and Microbiology.

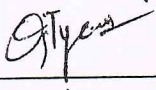

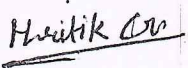

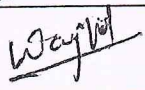

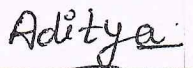

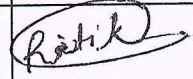

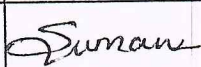

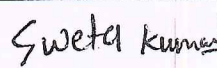

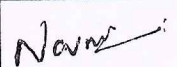

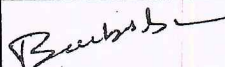

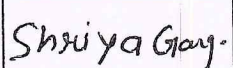

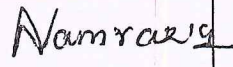

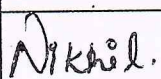

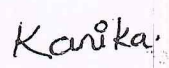

Conclusion:

The career counseling session successfully enlightened students about the vast potential and challenges in Biotechnology and Microbiology. It inspired them to pursue their interests with a strategic and well-informed approach. Such events play a crucial role in bridging the gap between academic learning and real-world application, preparing students for fulfilling careers.

DEPARTMENT OF BASIC SCIENCE

CAREER COUNSELING PROGRAMME

REPORT

DATE-24/April/2024

The Department of Basic Science organized a comprehensive career counseling session aimed at guiding students pursuing B.Sc and M.Sc. students about various academic and professional pathways. The session was attended by undergraduates, postgraduates, faculty members, and invited career experts. The objective was to provide insights into the opportunities available after completing their degrees and to equip students with tools to make informed decisions about their future.

The session began with a welcome address by Dr. Pooja Tomar Head of the Department of Basic Science. Emphasis was laid on the importance of career planning and aligning academic interests with long-term professional goals. She also presented a bouquet to Dr. Vipin Saini as a token of welcome. The opening remarks also highlighted the significance of interdisciplinary skills in today's competitive job market. An open floor discussion allowed students to ask specific questions about their career aspirations. Panelists addressed queries about shifting disciplines, exploring less conventional careers, and preparing for competitive exams. Students interacted with alumni who shared their career journeys and experiences in diverse fields, ranging from academic research to corporate roles. Alumni emphasized the importance of mentorship and continuous learning.

Students were encouraged to consider interdisciplinary fields and leverage their foundational knowledge in science. Real-world experience was emphasized as a crucial element for securing competitive roles. Pursuing certifications, attending workshops, and staying updated with advancements in their fields were recommended. Panelists stressed the importance of setting short-term and long-term goals to achieve career aspirations. The session received overwhelmingly positive feedback. Students appreciated the structured guidance, expert insights, and the opportunity to clarify doubts. Many expressed increased confidence in exploring diverse career pathways and pursuing their interests.

The career counseling session organized by the Department of Basic Science successfully equipped students with knowledge and resources to navigate their academic and professional journeys. By fostering awareness and providing practical tools, the session empowered 200 participants to make informed decisions and contribute meaningfully to their respective fields. All the faculty members of department of basic science were present.
