

Extension Workshop on Cyber Security and Safe Digital Practices Conducted by Department of Computer Application

A Report

The Department of Computer Application at Shri Ram College successfully organized a one day workshop on Cyber Security and Safe Digital Practices on 10/04/26. The workshop aimed to create awareness among students about cyber threats, security practices, and career opportunities in the rapidly growing field of cybersecurity.

The workshop was led by Mr. Gagan Arora, an expert from the NIIT Foundation provided detailed insights into various aspects of cyber security. He explained that cybersecurity focuses on protecting digital devices, computer networks, and sensitive data from cyber threats, cybercrime, hacking, and unauthorized access. He emphasized that with the widespread use of the internet and digital technologies across all sectors, the importance of cybersecurity has increased significantly.

During the sessions, participants learned about major cybersecurity challenges, including evolving hacking techniques, security risks associated with internet-connected devices, cloud security concerns, and insider threats within organizations. Mr. Arora highlighted several common cyber threats such as malware, phishing attacks, Distributed Denial-of-Service (DDoS) attacks, and ransomware. He explained how these threats can compromise systems and cause significant damage to individuals and organizations.

The expert also discussed effective cybersecurity measures, including the use of antivirus software, strong and regularly updated passwords, system updates, and firewalls. Students were encouraged to adopt safe online practices and remain vigilant against cyber threats.

The workshop also focused on career opportunities in cybersecurity. Students were informed about various professional roles, including Cyber Security Analyst, Network Security Engineer, Ethical Hacker, and Information Security Manager. The sessions inspired participants to consider cybersecurity as a promising and rewarding career option.

Addressing the gathering, Nishant Kumar Rathi, HOD, Computer application emphasized that cybersecurity has become an essential discipline in the digital era. He stated that securing data and networks is critical for both individuals and organizations.

Principal Shri Ram College, Dr. Purna Mittal expressed her appreciation for the successful organization of the workshop. She remarked that such programs help students stay informed about the latest developments and technological advancements in the field of information technology, thereby enhancing their technical skills and knowledge.

The workshop witnessed enthusiastic participation from faculty members and students. Total 152 students, out of which 41 students of MCA from SRGC and 111 students from Shri Ram College participated in the event. Key faculty participants included Neetu Singh, Sanjay Kant Tyagi, Amit Tyagi, Praveen Kumar, Himanshu Hora, Siddhant Garg, Rahul Mainwal, Amit Rathi,

Garima, Sahil Usmani, Mehtab Alam, Divyanshi Sharma, Hans Kumar, Manoj Pundir, Dinesh Yadav, and many others.

The workshop concluded successfully, providing valuable knowledge about cybersecurity, emerging threats, preventive measures, and career prospects. The event proved highly beneficial for students and contributed significantly to enhancing their awareness and technical competence in the field of cyber security.

Outcomes of the Workshop

1. **Improved Digital Safety Practices:** Attendees learned safe browsing habits, secure password management, and methods to protect personal and professional data online.
2. **Enhanced Awareness of Cyber Threats:** Participants gained knowledge about common cyber threats such as phishing, malware, ransomware, identity theft, and online fraud.
3. **Understanding of Cyber Security Fundamentals:** The workshop provided a clear understanding of essential cyber security concepts, including data protection, network security, and digital privacy.
4. **Ability to Identify Online Risks:** Participants developed the skills to recognize suspicious emails, fraudulent websites, fake social media accounts, and other cyber threats.
5. **Knowledge of Safe Social Media Usage:** Students and faculty learned responsible social media practices and the importance of protecting personal information on digital platforms.
6. **Awareness of Cyber Laws and Regulations:** The workshop introduced participants to cyber laws, digital rights, and legal measures available for reporting cybercrime.
7. **Increased Preparedness Against Cyber Attacks:** Attendees became better equipped to prevent, detect, and respond to cyber security incidents.
8. **Career Awareness in Cyber Security:** Participants gained insight into emerging career opportunities, certifications, and skill requirements in the cyber security domain.

Awareness Program on Code of Conduct

Report

An Awareness Program on Code of Conduct was organized on 10-02-2026 by the Department of Computer Application, Shri Ram College with the objective of creating awareness among students and faculty members regarding institutional rules, ethical values, responsibilities, and professional behavior.

The program started with a welcome address by the department coordinator, who highlighted the importance of maintaining discipline, integrity, and mutual respect within the institution. The participants were informed about the significance of following the Code of Conduct for creating a healthy, safe, and positive academic environment.

During the session, various aspects of the Code of Conduct were discussed, including professional ethics, academic discipline, and respectful communication, responsible use of resources, and maintaining dignity and respect among students, teachers, and staff members.

The resource person explained the importance of ethical behavior, honesty, teamwork, and accountability in personal as well as professional life. Special emphasis was given to maintaining a harassment-free environment, following institutional policies, avoiding unfair practices, and promoting equality and inclusiveness.

The participants were also made aware of their rights and responsibilities, including proper classroom behavior, attendance rules and responsible use of technology, social media ethics, and the importance of representing the institution positively.

An interactive discussion session was conducted where students actively participated and shared their views regarding discipline, values, and responsible conduct. Their queries related to institutional rules and ethical practices were addressed by the speakers.

The program concluded with a vote of thanks to the resource person, organizing committee, faculty members, and participants for their active involvement and contribution in making the awareness program successful.

Outcomes of the Program

- Increased awareness about institutional Code of Conduct and guidelines.
- Understanding of individual rights, duties, and responsibilities.
- Development of ethical and professional behavior among participants.
- Promotion of discipline, respect, and positive communication.
- Awareness about maintaining academic integrity and responsible digital practices.
- Encouragement towards creating a safe, inclusive, and respectful environment.
